June 30, 2007

The Honourable Caroline Di Cocco
6th Floor, Whitney Block
99 Wellesley Street West
Toronto, Ontario M7A 1W3

Dear Minister:

On behalf of the Board of Directors of the Ontario Trillium Foundation, I am pleased to submit a copy of our Annual Report for the fiscal year 2006-2007.

In this report, you will find a brief summary that highlights some of the goals achieved and the challenges met by our volunteers and staff. Also included is a list of grants made and our audited financial statements. In recognition of our 25th anniversary year, we have compiled a short retrospective section that features some of the more memorable grants made by the Foundation over the last quarter-century.

The Foundation acts as a catalyst that enables Ontarians to work together to enhance the quality of lives in their communities. This year, we are especially delighted at the prospect of being able to do even more to support the work of Ontario's volunteers in their communities, thanks to the 20-per-cent increase in funding that the government has granted the Foundation over the next three years.

Our volunteer Board of Directors and Grant Review Teams, supported by a committed and competent professional staff, continue to provide outstanding leadership. We share a collective pride in the Foundation's continuing accomplishments, as described in this report.

We value the effective working relationship the Ontario Trillium Foundation has with your ministry, and we look forward to continuing to work together to build healthy and vibrant communities through Ontario.

Sincerely,

Helen Burstyn
Chair of the Board

Message from the Chair

Helen Burstyn

When the Government of Ontario created the Ontario Trillium Foundation in 1982, few would have predicted it would grow into one of Canada's leading granting agencies in 25 years.

What began as a modest granting organization now distributes seven times the funding it did when first founded. At the time of OTF's first deadline for applications in April 1983, a mere 16 grant requests had been received; today, the Foundation receives more than 3,000 applications annually. Only 21 social service organizations received funds that first year; today, the number of grant recipients numbers approximately 1,500. Even more impressive, those many charities and not-for-profit organizations that benefit from OTF support are in turn supported by thousands of volunteers donating millions of hours of their time to programs and causes that matter to their communities.

Of course, numbers alone cannot fully capture the impact of OTF in building healthy and vibrant communities. Over the course of 25 years, we've also seen plenty of practical evidence that our support is making communities stronger. We see it in the new playgrounds in neighbourhood parks, the skills and confidence that acquiring employment skills are giving new Canadians, the community clean-up projects that are revitalizing our streets, and the creative projects in art, theatre and music that are enlivening our cultural sector.

The surest measure of our success as a grantmaker is the success of our grantees and their communities. Supporting them well is a matter of understanding the challenges they face, how they are changing, and what we can do to address their needs. In the fall of 2006, our *Focused Conversations* project took staff and volunteers out to a sampling of Ontario's neighbourhoods to talk with local leaders and learn from them first-hand about their communities. We met with representatives of all the sectors we fund and all the communities that make up the many faces and places of Ontario. We had sessions in Aylmer, Gananoque, Mississauga, Oshawa, Sarnia, Ottawa (one in English and one in French), Peterborough and Sudbury.

Each *Focused Conversation* began with a discussion about the host community's strengths and needs. What we learned prompted us to re-examine our policies and revisit our practices in the interest of being more accessible, responsive and effective in serving grant applicants.

Our applicants told us that being able to interact with us personally – to get feedback on ideas or ask questions about preparing funding applications – was a key to submitting a successful application. Many wanted more information about how OTF makes granting decisions, why applications get declined, and how our volunteer Grant Review Teams operate. We saw an opportunity and a need for sharpening our communications with communities and designed new information channels, including a new Web page to help our grantees and potential grantees connect more readily with OTF. This year, more than 5,300 people visited our online Application Writing Guide page, suggesting a greater interest in both filing applications for funding, and in making those applications more successful.

In 2006-2007, the Foundation made 1,430 grants to charitable and not-for-profit organizations in key sectors across the province:

- Human and social services projects were given a full \$42 million to help improve the lives of Ontarians.
- Almost \$23 million went to sports and recreation programs that promote healthy living and physical activity.
- Arts and cultural initiatives received over \$22 million in support.
- The environmental sector benefited from over \$8 million in grants.

We continue to place priority on supporting organizations that help Ontarians become more successful students and learners; live healthier and more physically active lives; achieve enhanced employment and economic potential; and be more effective volunteers, engaging more people in their communities. As of March 31, 2007, the Foundation had 3,258 active grants under active management – all contributing to the achievement of these key priorities.

This year, our Board demonstrated its commitment to continuous improvement by focusing on strategic opportunities to improve the governance of the Foundation and the effectiveness of its grantmaking. Believing that our Board should steer the boat and not row it, we introduced a number of changes to what we do and how we do it. We have been working with the government to ensure that our Grant Review Teams have the volunteers in place to review and recommend grants. We continue to acquire and, more importantly, share our extensive knowledge of communities with other organizations to be responsive to demographic and other changes taking place in the province. And we are focusing additional attention on particular communities – rural communities that are being de-populated, urban communities where young people lack opportunities and northern and remote communities where Aboriginal needs can be better met.

I would like to express my personal thanks to Hugh O’Neil, OTF Vice-Chair, and all my colleagues on the Foundation’s Board of Directors and our volunteer Grant Review Team members. Their dedication and unshakable commitment to our success, and that of our communities, is truly inspiring. I am proud to know and work with them.

I am also grateful to the Ministry of Culture for supporting our vision and work, and especially to our Minister, the Honourable Caroline Di Cocco. The government’s confidence in and support for our Foundation has always been strong, and was recently reaffirmed with a 20-per-cent increase in our funding to be phased in over three years. This has been a resounding vote of confidence in the Foundation, and we are truly grateful for the opportunity this will give us to do more for our communities.

For 25 years, we’ve helped Ontarians to dream bigger, reach higher and grow stronger. We’ve seen 25 years’ worth of results in every community in every corner of the province. Now here’s to the next 25!

Helen Burstyn
Chair of the Board

Message from the Chief Executive Officer L. Robin Cardozo

A 25th anniversary is a significant milestone for any organization. For the Ontario Trillium Foundation, it's a testament to the vision and vitality of our grantee organizations, empowered by Ontario's strong and dynamic voluntary sector. Our 25th anniversary is also a tribute to the Foundation's hundreds of volunteers and staff members – the people who, for a quarter-century, have supplied the faith, creativity and energy that has underscored every successful grant, program and project.

We've gained a significant amount of knowledge and experience over the past quarter-century. So this year, the Foundation made it a top priority to capture and capitalize on what we know by launching a significant knowledge-management initiative.

To be truly effective, knowledge management must be a directional, guiding strategy for the entire organization. Everyone must be involved in harvesting knowledge, whether it's the anecdotal, human wisdom that each of us has, or the formal records and historical information our work produces. The Foundation is launching this massive project with an internal knowledge audit. From there, we'll produce a knowledge-sharing directory, a "Yellow Pages"-type guide that will help OTF people connect to share information and resources.

A second knowledge-management initiative this year will be tied directly to our 25th anniversary and its celebration. As part of our Great Grant events this fall, we'll be holding learning opportunities in each of our 16 catchment areas. This will expand our knowledge-management project out beyond our immediate, internal confines, involving some of our volunteers and community stakeholders as partners in this undertaking.

As an organization, OTF is committed to knowledge-sharing, as well. With today's technology and information-management systems, we can dispense knowledge extensively, sharing it with our grantees, stakeholders and volunteers, and with our government partners and other grantmaking organizations. With full involvement and open communication, the return on this investment promises to be substantial – many times greater than our own individual contribution.

Information and knowledge are important assets that responsible organizations must work hard to cultivate and safeguard. Wanting to mitigate the impact that adversity, epidemic illness or other disasters could have on our operations led the Foundation to begin developing a pandemic plan this year. Every department is taking part, working to identify critical core services and strengthen our back-up plans.

Continuous improvement is a serious commitment at OTF. One of the best ways we have found to become more effective and efficient is to ask for feedback. In this, our grantees are a vital source. We've made a point of regularly inviting them to express their views about OTF and its operations. We listen to what they tell us, taking appropriate action when and wherever we can.

This year, responding to suggestions and information from a number of fronts, we made it easier to apply for small capital grants. The application procedure has been streamlined for those seeking a maximum of \$15,000, making the grant-request process simpler and less time-consuming for many community organizations.

The Foundation also took a very specific and targeted approach to learning more about our grants and the impact they can have. Our Small Towns project was launched this year, using video to document discussions and interviews in Kapuskasing, Kenora, Port Colborne, Hawkesbury, Goderich and Haliburton. The goal was to capture local voices and record human stories, documenting the effect of OTF grants on organizations and people in these locations.

Few topics received more media attention this year than the environment. It's an undeniably compelling issue, which will continue to have a pervasive impact on all of our lives. Protecting and revitalizing our natural surroundings have been important initiatives for many of our grantees. So this year, the Foundation began studying the impact we have had in the sector since 2001. When the results are fully analyzed, we hope to identify even more opportunities for OTF grants to help community environmental projects over the next three to five years.

A silver anniversary can be a time of reflection. It's also a good opportunity to reaffirm plans for tomorrow. The future of the Foundation is bright, especially in light of the government's recent announcement of a 20-per-cent funding increase to be phased in over three years. It's a chance to do even more for Ontario's communities, and we will take full advantage of it.

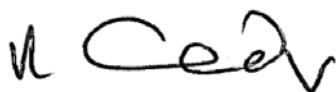

In the days to come, we plan to continue building deeper and closer relationships with our grantees and volunteers, capitalizing on the tremendous pool of skills and resources that exists there. To this end our fall bi-annual conference for volunteers and staff will offer a learning venue for us to rekindle a common understanding of our vision, mission and values. We will also learn more about the business of grantmaking and how we can strengthen it as we prepare for the new challenges the future will surely bring. The Foundation will also continue to grow its knowledge base, expanding our use of technology and our commitment to continuous learning.

Our 25th anniversary year promises to be a time of excitement and celebration. OTF will visit each of our 16 catchment areas this fall, connecting with volunteers and grantees in Ontario communities of every size and type. We look forward to the new opportunities and connections these events will surely generate.

I want to send our thanks and expressed appreciation to OTF's Board of Directors, led by its extraordinarily dedicated and tireless chair, Helen Burstyn, as well as the more-than 300 staunch and unwavering Grant Review Team volunteers.

And finally, my personal thanks to the staff of OTF – a committed, hardworking and passionate group of professionals who continually go above and beyond the call of duty.

As everyone associated with the Foundation looks forward to 2008, we can look back on an extraordinary year packed with new initiatives, new learning, and many new successes. It's certainly been a great way to end our first quarter-century.

L. Robin Cardozo
Chief Executive Officer

ACCOUNTABILITY, IMPACT AND ORGANIZATIONAL EFFECTIVENESS

Ontario Trillium Foundation

Review of 2006-2007 Achievements

The Ontario Trillium Foundation Business Plan for the year covered two major performance goals, each with supporting objectives. The following summarizes the organization's achievements relative to those goals and objectives.

GOAL 1: Make investments to build healthy and vibrant communities and strengthen the capacity of the voluntary sector.

Objective 1: Make grants to achieve priorities

Achievements:

- Allocated 100 per cent of the granting budget for the year, by granting program and by catchment area;
- Achieved granting targets within sector allocation ranges by granting 23 per cent of funds in the arts and culture sector, 8 per cent in the environment sector, 45 per cent in the human and social services sector, and 24 per cent in the sports and recreation sector;
- Achieved granting targets in three of the four granting priority areas: 16 per cent of funds went toward Enhanced Success for Students and Learners; 45 per cent to Healthier and More Physically Active Ontarians; and 30 per cent to More Effective Volunteers and More People Engaged in Their Communities. Granting for Enhanced Employment and Economic Potential for Workers and Their Families amounted to 9 per cent, just under the target range of 10 to 20 per cent.

Objective 2: Enhance the impact of OTF grants

Achievements:

- Began work on a significant qualitative study of six small communities to help assess the community-wide impact of OTF grants;
- Commissioned an environment sector study to assess the results of the Foundation's granting to the sector and to assist with strategic grantmaking by identifying opportunities to enhance the impact of OTF grants in this sector over the next three to five years; and
- Continued work on developing outcome indicators in the Foundation's priority areas for use in grant application assessment.

Objective 3: Strengthen the Foundation's role as a leader and convener

Achievements:

- To extend the learning from the previous year's *Community Conversations* initiative, conducted nine in-depth *Focused Conversations*, whose results helped to influence the 2007/08 Business Plan, as well as the Board's strategic discussions;

- Commenced development of a draft knowledge management strategy to share learning and help voluntary sector organizations share information;
- Convened meetings of grantees and funders throughout the year in communities across the province; and
- Began planning for a series of 16 Great Grants events across the province, with each event to be preceded by learning opportunities for not-for-profit organizations in that community.

Objective 4: Enhance the equity and accessibility of OTF funding

Achievements:

- Implemented a simplified application process for small capital grants, which was well received by small community groups;
- Building upon the Foundation's research on First Nations, Métis and other Aboriginal communities, doubled granting to these communities over the previous year; and
- Carried out targeted outreach to other under-served and under-privileged populations including Francophone, ethnocultural and racial minority and rural groups.

GOAL 2: Enhance governance and organizational effectiveness.

Objective 1: Strengthen governance

Achievements:

- Began a series of Board discussions on strategic directions for the next three years, with facilitation and guidance from McKinsey & Company provided on a *pro-bono* basis;
- Worked collaboratively with the government to increase the number of volunteers appointed to the Foundation's regional Grant Review Teams;
- Strengthened the Foundation's orientation plan for new Board members; and
- Carried out a business process review to ensure operations are effective and efficient.

Objective 2: Strengthen operations

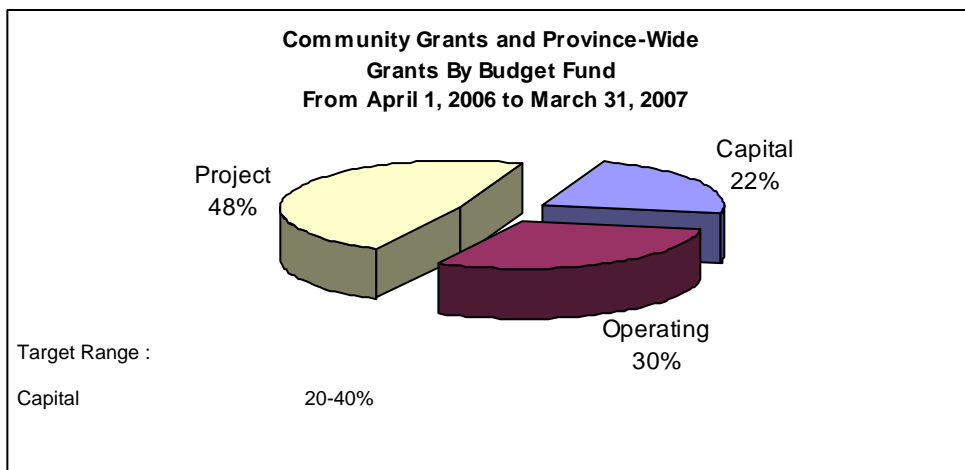

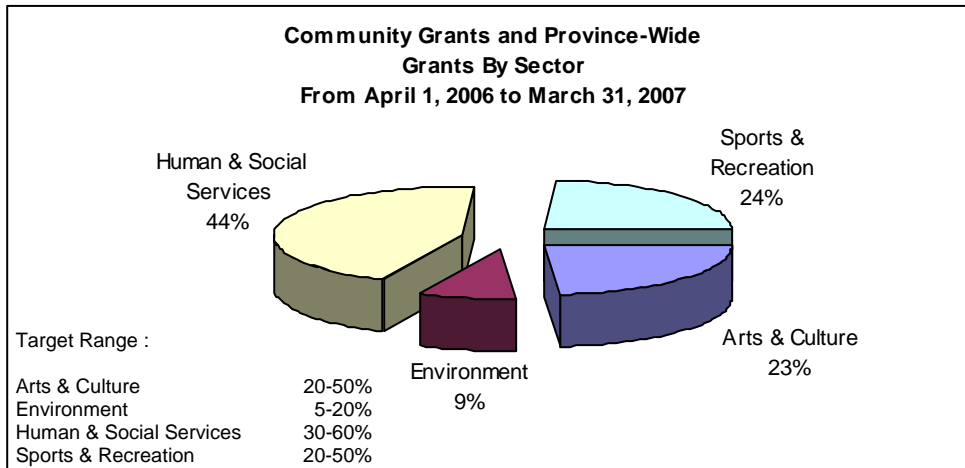

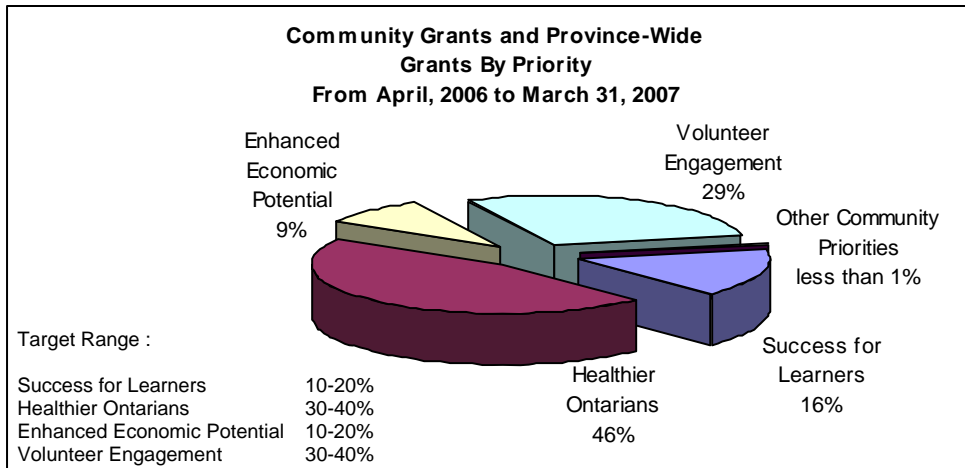

Achievements:

- Carried out two internal audit projects resulting in recommendations for enhancing efficiency and effectiveness which will be implemented in 2007/08, and planned for further internal audit exercises in this and future years;
- Initiated a Pandemic Preparedness Plan which, once completed, will be shared with other organizations;
- Maintained a high ranking as a cost-effective foundation;
- Maintained and enhanced the Foundation's pro-active communications strategy. Specific achievements included the facilitation of more than 700 grantee-recognition events and more than \$1 million value in earned media coverage; and
- Received international recognition for our website for the second year in a row, garnering the Bronze Award from the Council on Foundations' Wilmer Shields Rich Awards.

GRANTING ACTIVITIES 2006-2007

GRANTS APPROVED - ALL PROGRAMS:

Grants Program	Amounts Approved	No. of Grants
Community Grants	\$76,515,100	1,320
Province-Wide Grants	\$19,247,300	110
Total Grants Approved	\$95,762,400	1,430

Our vision, mission and values

Vision

The Ontario Trillium Foundation is a catalyst that enables Ontarians to work together to enhance the quality of life in their communities. We believe that communities across Ontario are rich in talent, creativity and drive, and our grants stimulate communities to build on these assets.

Mission

Building healthy and vibrant communities throughout Ontario by strengthening the capacity of the voluntary sector through investments in community-based initiatives.

Core values and operating principles

The following core values and operating principles guide the Ontario Trillium Foundation and shape its organizational culture. Our volunteers and staff are dedicated to reflecting these values in their actions and relationships.

Accountability and transparency

We appreciate the trust placed in us by the Government of Ontario, and safeguard the public funds we receive through rigorous accountability controls. Our communications programs and operational processes ensure that our guidelines and grant decisions are accessible and transparent to the public.

Excellence

Because we believe passionately that our work enhances the quality of life for people across Ontario, we aim to achieve the highest professional standards of excellence.

Volunteer and staff leadership

Our leadership depends on skilled staff working in productive partnership with knowledgeable volunteers who understand the needs of local communities in their region. Our staff and volunteer human resources practices foster this creative synergy.

Inclusiveness and innovation

Our policies and programs acknowledge that the people of Ontario are diverse and dynamic and that community needs differ across the province. We support creative initiatives that respond to the real needs of Ontario's varied and evolving communities.

Integrity and respect

Our grant decision-making processes, business practices and communications strategies are governed by the principles of honesty, integrity and fairness. We treat all stakeholders respectfully, including volunteers, staff, grant applicants and members of the public.

Efficiency and impact

We are determined to ensure that public funds are well invested and that our grant-making and grant-monitoring processes are cost efficient. We consistently measure and evaluate results based on grant outcomes.

Our granting priorities

The Foundation will support the building of healthy and vibrant communities through community-based initiatives that strengthen the capacity of organizations in the arts and culture, environment, human and social services and sports and recreation sectors.

In particular, the Foundation will place priority on supporting organizations that work in the following areas to help Ontarians achieve their potential.

Enhanced success for students and learners

A healthy and vibrant community depends on the skills and knowledge of its members. Whether knowledge and skills are developed in the early years when children start school or much later in life, it is key that people of all ages and abilities are ready to learn. This is why the Ontario Trillium Foundation will place priority on initiatives that:

- Provide community-based learning opportunities and create conditions for achievement for people of all ages and abilities; and
- Help prepare children and youth for success.

This includes, but is not limited to, broadening learning experiences for children and youth; helping children and youth remain and achieve in school; preparing young children to learn; providing opportunities for children and youth to experience positive personal growth; and improving adult literacy through resources and activities.

Healthier and more physically active Ontarians

Encouraging Ontarians to lead healthier lifestyles, as well as improving other determinants of health, such as air and water quality, and providing opportunities for people to enhance their health and well-being will lead to healthier and more physically active Ontarians. To this end, the Ontario Trillium Foundation will place priority on initiatives that:

- Promote physical activity for people of all ages and abilities;
- Promote recreational activities for people of all ages and abilities;
- Enhance and help protect human and ecosystem health;
- Create conditions for people to reach their full health and well-being potential; and
- Promote cultural and artistic activities for people of all ages and abilities.

This includes, but is not limited to, promoting and increasing physical activity; increasing or sustaining recreational and leisure opportunities; helping communities take responsibility to protect the natural environment; supporting systems that sustain health and well-being; sustaining a healthy arts community; and celebrating and preserving heritage.

Enhanced employment and economic potential for workers and their families

The Ontario Trillium Foundation supports initiatives that are innovative and that stimulate economic growth. To this end, OTF will place priority on proposals that support organizations to build skills, create jobs and enhance economic potential for individuals and communities through initiatives that:

Our granting priorities (*Continued*)

- Provide skill development or employment opportunities;
- Sustain and promote a greener economy and community;
- Strengthen the economic health of a community; and
- Help further a community's long-term vision and growth.

This includes, but is not limited to, increasing opportunities for employment for those experiencing barriers including Aboriginal people, newcomers, people with disabilities and at risk youth; strengthening organizations and supporting initiatives that promote a sustainable environment; sustaining the economic viability of the community; and encouraging community planning processes.

More effective volunteers and more people engaged in their communities

Volunteers are the foundation of healthy and caring communities that are safe, clean, secure and vibrant. Providing people with opportunities to actively participate in activities or programs offered within their community also contributes to this. We support initiatives that:

- Create conditions to increase community engagement of people of all ages, abilities and cultures;
- Strengthen volunteerism among people of all ages, abilities and cultures; and
- Strengthen the voluntary sector.

This includes, but is not limited to, building community connections and awareness; promoting and increasing volunteerism, particularly among young people; enhancing the capacity of the volunteer sector and fostering strategic thinking and innovation; and building the capacity of charitable and not-for-profit organizations.

A Quarter Century of Grant-Making

In 25 years of grantmaking, OTF has accumulated a lot of history and memories. Here is only a small sampling of some wonderful success stories that the Foundation has been proud to help create.

Muskoka, Nipissing

Amelia Rising Women's Collective

2000 \$37,000 over one year

Amelia Rising/Crisis Centre of North Bay Group Services for Male Survivors

2003 \$80,000 over two years

This organization has demonstrated versatility and responsiveness in meeting the needs of the Nipissing community, and OTF has been there to help. Their work to empower and provide a voice for women, especially as it concerns eliminating violence against women and children, took a different turn in 2003.

Responding to what counsellors knew to be a bona fide need in the community, the organization received funding from the Foundation to launch a series of counselling sessions for male survivors of sexual abuse. For many, it was the first time they found emotional support for what had happened to them.

Province-Wide

Canadian Guide Dogs for the Blind

1987 \$700,000 over four years

In 1987, a four-year OTF grant to this organization meant many Ontarians would get the help they needed to see the way.

"I am delighted to let you know...more Ontario residents have been trained with guide dogs," said Jane Thornton, founder of Canadian Guide Dogs for the Blind and OTF grant recipient.

"These graduates, who come from such places as Elliot Lake, Ashton and Wilno, have benefited by enhanced mobility and quality of life due to the generosity of the Ontario Trillium Foundation."

CGDB proudly – and appropriately – named one of the first dogs to be trained in the new program ...Trillium.

Province-Wide

Canadian Women's Foundation (CWF)

1996 \$750,000 over five years

2003 \$500,000 over five years

For over 15 years, this organization has been dedicated to improving the lives of girls and women, sponsoring over 650 programs all across the country. OTF joined a collaborative fund to support women moving from poverty to self sufficiency by funding community economic development practitioners in Ontario. Over the years more than 10 local Ontario groups have been supported through this collaborative fund, which has helped hundreds of women to either obtain employment or start their own business. For many women, this has meant getting off social assistance. Partners in this collaborative included The Atkinson Foundation, Bank of Montreal, the Kahanoff Foundation, Levis Strauss & Co. Nancy's Very Own Foundation and the Canadian Women's Foundation

In 2003, the Ontario Trillium Foundation showed its support for a special CWF initiative with a Province-Wide grant that made us a partner in the Women in Economic Development Consortium. This group helped fund projects through local community economic development practitioners that have successfully helped hundreds of low-income women increase their economic self-sufficiency and move out of poverty. Consortium partners included OTF, the CIBC, the Metcalfe Foundation, an anonymous donor from Western Canada and the Canadian Women's Foundation.

Halton-Peel

Country Heritage Experience Inc. (CHE)

2000 \$71,000 over one year

2005 \$96,000 over one year

This OTF Great Grants Award winner shows that today's modern communities have something very important in common with those from days gone-by: caring, committed people. With a grant from OTF and the hard work of area volunteers, this historical agricultural park in Milton reinvented itself to become an important resource and local tourist attraction for the community.

The Foundation's grant helped CHE transform a barn into a year-round event facility, generating revenue from meetings, trade shows, product launches, fundraisers, weddings and celebrations of all kinds.

Simcoe-York

Georgina Arts Council

2001 \$150,000 over two years

2004 \$195,000 over four years

With an initial grant from OTF, this organization was able to upgrade the historic Sutton Library, turning it into a focal point for the arts in the community.

With its second, four-year grant from the Foundation, the council got help to operate the facility, and by doing so, captured the attention of a local benefactor. On his death, he donated his million-dollar art collection to them, including many important works by Canadian artists. The need to properly preserve these 200-plus paintings helped secure still more funding from other sources, and earned the gallery a coveted spot on the list of not-to-be-missed centres for Canadian art.

Province-Wide

Hope Air

2000 \$200,000 over three years

2005 \$347,700 over two years

This two-time OTF grant-recipient and 2003 Great Grant Award-winner continues to soar.

In 2000, a three-year grant helped support the development and expansion of the Private Pilots Program. This network of 400 volunteer pilots with private planes helps fly people from remote locations or on poorly-served transportation routes to places where they can get the medical care and treatment they need.

In 2005, OTF was there again for Hope Air. Our funding helped to create HealthNet, an electronic management system that provides a public and central access point for patients, medical practitioners, volunteers, donors and pilots.

Durham, Haliburton, Kawartha, Pine Ridge

The Peterborough Community Housing Development Corporation (PCHDC)

2001 \$60,000 over three years

2004 \$135,000 over two years

In 2003, PCHDC was awarded the OTF Human and Social Services Great Grants Award for renovating abandoned houses and buildings to create affordable housing in the City of Peterborough and an emergency family shelter. OTF funding helped PCHDC to grow their organization so they could continue to address the increasing demand for low-cost housing in their community.

Province-Wide

Kids Help Phone

1991 \$802,900 over three years

In 1991, OTF helped to make a good thing better. Our grant to this young, three-year-old service helped it to ground and solidify its support program for kids in need. With help from OTF then, and again in 2000, it was able to expand its counselling services, provide more public awareness programs for schools, develop its database and increase volunteer services.

Kids Help Phone is still going strong today, there for kids 24/7, to provide support whenever young people need it and for whatever reason.

Northwestern

Muskrat Dam First Nation

1995 \$60,000 over one year

1997 \$19,500 over one year

1998 \$7,500 over one year

Helping to build healthy and vibrant communities of all kinds is OTF's mission – whether in the streets of our major cities, or in the most remote parts of the province.

In 1995, our grant to the Muskrat Dam First Nation was a community builder. Located over 200 miles north of Sioux Lookout, this First Nations group of 300 wanted to deliver health care, education, justice and social services in a way that blended the best of traditional and modern approaches. It wanted to better address its own issues while preserving its culture, language and sense of identity. OTF agreed, and supplied the funds to help them develop a strategy to facilitate this. In 1997, another grant was provided to implement the strategy.

In 1998, an OTF Community Connections grant helped this First Nations community again, this time to establish a forum for seniors and disabled people.

Niagara

Niagara Peninsula Homes (NPH)

1995 \$162,000 over two years

Creating opportunities where there once were none... With a grant from OTF in 1995, this Welland organization began to do exactly that. In the process, they were able to realize a dream.

NPH's first project was the Good Food Box job creation program. It built a local produce-distribution system to link consumers with local growers, training over 50 people in customer relations, sales, marketing, and distribution techniques at the same time. Fresh local produce was made available to 700 families in Niagara and Hamilton by people who now had new, employment-ready skills.

Today, NPH also operates the Best of Niagara gift baskets, selling locally produced gourmet foods to the high-end market and helping to subsidize the Good Food Box.

Province-Wide

Ontario Community Support Association (OCSA)

1994 \$30,000 over one year
1995 \$3,084,500 over five years
2001 \$650,000 over three years
2006 \$21,000 over one year
2007 \$247,500 over one year

OCSA has much in common with OTF. Like us, their work depends on the contributions of thousands of volunteers, who in turn work with staff in hundreds of agencies to improve the quality of life for hundreds-of-thousands of Ontarians.

Early OTF grants to OCSA helped the organization become established in the early 1990s. More recently, OTF has helped OCSA provide resources and tools to its member agencies, and increase awareness across the province of services and how to gain access to them. OCSA, with the help of the Foundation have enabled many more Ontarians to live longer in their homes, more happily and securely. The Capacity Builders program, created with an OTF grant, is an arm of OCSA and is dedicated to providing the not-for-profit sector with professional development opportunities in volunteer management and leadership development.

Province-Wide

Ontario Therapeutic Riding Association (OnTRA)

1985 \$352,400 over four years
1992 \$771,400 over five years

Sustainability. It's a cornerstone of OTF grantmaking.

OnTRA, one of the Foundation's first Province-Wide applicants in 1985, has been giving Ontarians with disabilities a horse of a chance for over 20 years now.

With its original four-year grant, the organization hired a full-time instructor, which meant more volunteers – and horses – could be trained, and more people with disabilities could take advantage of this wonderful form of recreation.

Another multi-year grant in 1992 enabled more expansion, providing more workshops, fundraising training, materials and equipment for OnTRA's local members. Today, OnTRA is still going strong, offering para-equestrian experiences at 40 centres across Ontario.

Province-Wide

Regent Park Community Health Centre Collaborative

2000 \$643,500 over five years

This revolutionary program works with youth at risk, involving parents and other community members in persuading them to stay in school. But it needed a champion to help it get off the ground. OTF was there, with a Province-Wide grant that launched Pathways to Education.

The program began in 2001 in Regent Park, one of the poorest, most ethnically diverse parts of Toronto. Today, a full 95 per cent of eligible Grade 9 to 12 students enrolls in the program, which has expanded to include over 835 youth in over 60 different high schools. The drop-out rate has plummeted, the graduation rate has soared, and the college and university enrolment of graduates has increased from 45 per cent to 80 per cent.

Halton-Peel

Peel Committee Against Women Abuse

1998 \$70,900 over three years

1998 \$3,200 over three years

2000 \$210,000 over three years

This collaborative of 38 organizations came to OTF with a solution to the challenge of providing better services to women who were victims of assault. What they needed was the financial help to get started.

With a grant from the Foundation, they developed a service-integration model that helped all their member organizations become more effective and consistent. In 2000, another three-year grant from the Foundation helped them provide training workshops, outreach activities and networking opportunities for their members, so they in turn could help still more women in Peel Region.

Essex, Kent, Lambton

Sarnia Lambton Rebound – A Program For Youth Inc.

1996 \$9,900 over one year

1997 \$3,000 over three year

2000 \$24,600 over one year

2001 \$22,000 over one year

2002 \$224,500 over three year

2006 \$91,000 over two years

The Sarnia-Lambton Rebound program is all about giving young people second chances. Founded in 1984, the program has received \$375,000 in funding from the Ontario Trillium Foundation. Grants have helped to start up a life-skills program, create a website, launch a program-alternative to home-suspension from school for youth, implement community justice circles and provide intervention for young offenders.

In 2004, Sarnia-Lambton Rebound received the annual Donner Canadian Foundation award in the counselling and crisis intervention category, and the very first Peter F. Drucker Award for Non-Profit Management for its consistent record of excellence and innovation in management and service delivery.

Hamilton

St. Joseph Immigrant Women's Centre

2000 \$80,000 over two years
2002 \$152,200 over three years
2006 \$136,000 over two years

Ontario's opportunities can be elusive for those who lack the training, support or language skills they need to fully participate. In 2002, a three-year grant to this organization brightened the picture for many immigrant women. Our funding helped this centre develop a labour-market orientation program, giving women who were new to Canada the training and job-placement assistance they needed.

In 2003, St. Joseph Immigrant Women's Centre was the OTF Great Grant Award winner for another of the centre's projects. The Vocational Orientation for Foreign Trained Nurses Pilot Project assisted foreign-trained nurses in the Hamilton area by preparing them to write the Registered Nurses examination and arranging for job placements and job experience. The grant transformed the lives of foreign trained nurses and their families through the training program and ultimately led to the creation of CARE (Creating Access to Regulated Employment), a government funded initiative that now sustains the program.

Algoma, Cochrane, Manitoulin, Sudbury

West Bay First Nations Nanaabiing Focus Project and Two Bears Cultural Survival Women's Group

1998 \$20,000 over one year
1999 \$3,600 over one year

In 1998, this First Nations group on Manitoulin Island used an OTF grant to help them take control of their educational, cultural, recreational, health, business and legal institutions. It was an empowering process, resulting in improved living conditions for the whole community. Vandalism, suicide and alcohol-related incidents dramatically decreased, and young people began to return to West Bay, bringing with them skills and training to benefit their home community.

In 1999, additional OTF funding helped this group set up Internet access and provided the means to create their own Web page.

Waterloo, Wellington, Dufferin, Province-Wide

eyeGO to the Arts

2001 \$180,000 over three years
2005 \$290,000 over three years

Grants from the Ontario Trillium Foundation have often been on the leading edge, helping to effect change, enlarge horizons or create new possibilities. Such was the case with a grant to this Kitchener-based organization in 2001.

With financial help from OTF, this service came to life and established itself, giving young people the opportunity to attend a wide variety of professional arts performances and venues affordably and easily. In 2005, the Foundation grant helped eyeGO expand the service into 38 new communities across Ontario. In 2003, eyeGO to the Arts was awarded the Arts and Culture Great Grants Award for its discount tickets program.

Champlain

Francoscénie

2004 \$30,000 over six months

Arts, culture, history and geography... this celebration of Ontario's French-speaking people has it all. With a grant from OTF and other partners, a small Eastern Ontario community took a monumental leap of faith. The result was an unprecedented success that's been a source of pride and economic growth for the people in Prescott-Russell.

The production they created, *L'écho d'un peuple*, tells the story of nearly a thousand people who influenced the future of Francophones all across Ontario. Hundreds of volunteers participate in staging this show, which, now in its fourth year, has already been seen by over 70,000 people. In 2005, Francoscénie was awarded the OTF Great Grants Award for Arts and Culture.

Province-Wide

Fédération des Aînés et retraités francophones de l'Ontario (FAFO)

1991 \$1,345,000 over five years

2002 \$135,000 over three years

2006 \$325,000 over three years

This OTF grant recipient marks a milestone in our history as being one of the first francophone organizations to receive OTF funding back in 1991.

At the time FAFO's focus was on structuring programs for francophone seniors across Ontario and developing chapters. Today, this organization's dynamic and effective regional structure provides broad representation for Francophone seniors who are kept up-to-date through a newsletter in both hard and soft copy. Additionally, FAFO's recent focus on young retirees, through additional OTF funding has been able to market their programs across the province. The Young retirees are proving to be an invaluable asset to the francophone not-for-profit groups across Ontario.

Grey, Bruce, Huron, Perth

2004 Provincial Envirothon c/o Bruce Peninsula Biosphere

2004 \$48,400 over one year

For four days in May 2004, more than 200 students, teachers, resource professionals and volunteers from over 20 different communities came together to propose realistic green solutions. What they left behind were five legacy projects to enhance local forestry, wildlife and soil.

For the first time in its history, the competition, founded by the Ontario Forestry Association, was held in a totally rural community. Participants, volunteers and local residents had the unique opportunity to understand environmental issues better and see first-hand how living things are interconnected. OTF's grant was used to promote the competition, train over 250 local volunteers and help transport and house participants. In 2005, 2004 Provincial Envirothon was awarded the OTF Great Grants Award for the Environment.

Halton-Peel

Community Environment Alliance of Peel Inc. Share-IT

2004 \$219,000 over three years

Innovation, technology and environmentalism. This winner of the 2005 OTF Great Grants Award models the kind of forward-thinking and green-space conservation that the world is counting on to sustain us in this century of global warming.

With its grant from OTF, Share-IT was able to recycle computers and other IT equipment for use by low-income families and individuals. In addition to recycling, the program reduces hazardous e-waste in landfill sites. Its success has raised interest across Ontario and abroad.

Northwestern

Lakehead Canoe Club

2004 \$75,000 over one year

2007 \$32,000 over one year

Dragon boat racing is one of the fastest-growing water sports in the world today. With help from OTF, this Thunder Bay club was able to purchase the equipment they needed, while keeping costs down. The result has been a dramatic increase in participation from local youth and adults. Dragon boat races now attract thousands of regional paddlers, and tens-of-thousands more come out to watch the races and cheer them on.

The Lakehead Canoe Club makes its dragon boats available to other communities in an effort to build a strong Northwestern Ontario competitive force at the national level. In 2005, Lakehead Canoe Club was awarded the OTF Great Grants Award for Sports and Recreation.

Toronto

Sketch

2000 \$165,000 over three years

2004 \$210,000 over three years

With grant money from OTF, youth who are homeless or at risk for homelessness in Toronto are being given something many of them have never had: a chance. This creative and successful program integrates diverse arts programs with job and life-skills training for youth aged 16 to 29. The skills are often all that they need to find an active, meaningful role for themselves in their community. Participants in the program find the confidence, skills and support to leave the street, return to school or find employment.

Funding from OTF helped cover Sketch's staff salaries and program costs. Participants were able to express themselves through artwork as well as exhibit and sell their work. They also made connections to mentors, found apprenticeships in the arts industry and support for education or a career in the arts. In 2005, Sketch was awarded the OTF Great Grants Award of Distinction for enhancing one or more of the OTF's granting priorities.

Province-Wide

Lieutenant Governor's Aboriginal Literacy Summer Camps c/o Boy Scouts of Canada

2006 \$365,700 over one year

For 25 years, OTF grants have been providing opportunity and access for those who, through no fault of their own, can sometimes be left behind. In 2006, with a grant from OTF and the tireless advocacy of Ontario's Lieutenant Governor, the Hon. James K. Bartleman, Aboriginal children in five fly-in Northern communities were given a foothold to the future: the chance to read.

The Foundation then helped the Lieutenant Governor go on to attract other sponsors, to help sustain the project. "I raised \$6 million for the expanded camp program," Mr. Bartleman said in his speech on April 11, 2007, congratulating OTF on its 25th anniversary. "Now we are running 36 camps for five years, thanks to support from nine universities, four colleges, the teachers' federations, [and others]."

Grants Summary

Community Grants	Amount	Grants
Algoma, Cochrane, Manitoulin, Sudbury	\$3,081,400	78
Champlain	\$6,936,000	152
Durham, Haliburton, Kawartha, Pine Ridge	\$6,065,200	110

Financial Report

Ontario Trillium Foundation

March 31, 2007

Report on Financial Performance

- In 2006-2007, the Ontario Trillium Foundation received \$100 million from the Ministry of Culture for its Community and Province-Wide Grants Programs. (Only \$99.3 million is recorded in the Statement of Operations; the remaining \$700,000 is recorded in Deferred Contributions, for spending in the following year.) Other revenue sources include investment income (\$6.1 million) and funds made available as a result of rescinded grants (\$1.8 million).
- Of this funding, \$95.8 million was pledged for Community and Province-Wide grants, and grantmaking expenses and support services together amounted to \$11.5 million.
- At March 31, 2007, the Foundation held approximately \$98.4 million in investments in short-term treasury bills. Most of these funds (\$96.4 million) are committed to multiyear grant pledges and are invested to maximize interest income for the Foundation. Investments are made under the policy direction of the Ontario Financing Authority.
- Funds may be recovered, or future payments rescinded, in cases where circumstances (e.g. planned activities, budgets) change or where grant conditions or performance objectives are not met.
- Accumulated net assets at year-end totaled \$2.6 million, of which approximately \$500,000 was invested in capital assets and \$2.1 million represented unrestricted assets.
- Volunteers make a significant contribution to the operations of the Foundation. Given the difficulty of estimating monetary value, these contributions are not reflected in the financial statements.
- In April 2007 the Foundation received funds from the Ministry of Culture in the amount of \$105 million, representing an increased level of funding over the previous year.

AUDITORS' REPORT

To the Board of Directors of Ontario Trillium Foundation

We have audited the statement of financial position of Ontario Trillium Foundation as at March 31, 2007 and the statements of operations, changes in net assets and cash flows for the year then ended. These financial statements are the responsibility of the Foundation's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Foundation as at March 31, 2007 and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles. As required by the Corporations Act (Ontario), we report that, in our opinion, these principles have been applied on a basis consistent with that of the preceding year.

Cash, end of year	\$ 921,310	\$ 999,297

See accompanying notes to financial statements.

ONTARIO TRILLIUM FOUNDATION

Notes to Financial Statements

Year ended March 31, 2007

The Ontario Trillium Foundation (the "Foundation" or "OTF"), an agency of the Ministry of Culture (the "Ministry"), is financially supported by the Ontario government. OTF began operations as an arm's-length agency of the Ontario government on August 23, 1982 and was incorporated without share capital under the laws of Ontario under letters patent dated November 17, 1982. OTF's purpose is to build healthy and vibrant communities throughout Ontario, by strengthening the capacity of the voluntary sector, through investments in community-based initiatives.

The government funding is subject to Memoranda of Understanding with the Ministry that define how the funds must be invested and distributed.

1. Significant accounting policies:

These financial statements have been prepared in accordance with Canadian generally accepted accounting principles applied within the framework of the significant accounting policies summarized below:

(a) Revenue recognition:

OTF follows the deferral method of accounting for contributions, which include government funding. Unrestricted contributions are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured. Externally restricted contributions are deferred and recognized as revenue in the year in which the related expenses are incurred.

(b) Investments:

Short-term investments, treasury bills and bankers' acceptances are recorded at cost. Bonds are recorded at amortized cost.

(c) Grants:

Grants are recorded as expenses in the year that the Foundation approves the grant.

(d) Expenses:

Departmental expenses are allocated between grantmaking and support services based on the percentage of each department's activities devoted to these activities.

ONTARIO TRILLIUM FOUNDATION

Notes to Financial Statements (continued)

Year ended March 31, 2007

1. Significant accounting policies (continued):

(e) Capital assets:

Capital assets are recorded at cost less accumulated amortization. Amortization is provided on a straight-line basis over the following periods:

Furniture and fixtures	5 years
Computer hardware	3 years
Computer software	1 year
Leasehold improvements	Over term of lease

(f) Use of estimates:

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the year. Actual results could differ from those estimates.

2. Investments:

Investments, at cost, are as follows:

	2007	2006
Treasury bills	\$ 98,435,000	\$ 99,076,396
Bankers' acceptances	–	230,043
	\$ 98,435,000	\$ 99,306,439

The market value of investments approximates cost.

The treasury bills and bankers' acceptances are due within the next four months and bear interest from 4.12% to 4.50% (2006 - 2.96% to 4.05%).

ONTARIO TRILLIUM FOUNDATION

Notes to Financial Statements (continued)

Year ended March 31, 2007

3. Capital assets:

			2007	2006
	Cost	Accumulated amortization	Net book value	Net book value
Furniture and fixtures	\$ 740,007	\$ 621,496	\$ 118,511	\$ 72,647
Computer hardware	1,035,343	797,166	238,177	277,626
Computer software	382,585	322,318	60,267	22,968
Leasehold improvements	1,216,378	1,133,092	83,286	214,638
	\$ 3,374,313	\$ 2,874,072	\$ 500,241	\$ 587,879

4. Deferred contributions and grants payable:

(a) Deferred contributions represent funding received from the Ministry that has not yet been pledged as grants. The continuity of deferred contributions is as follows:

	2007	2006
Deferred contributions, beginning of year	\$ 2,951,558	\$ 3,768,133
Activities during the year:		
Funding received	100,000,000	100,000,000
Investment income recorded as revenue	6,119,643	4,156,944
Grants pledged	(95,762,400)	(94,968,100)
Grantmaking expenses	(9,740,918)	(9,816,158)
Support services and amortization	(1,493,573)	(1,463,746)
Non-grant community services	(235,437)	(228,364)
Grants rescinded or recovered related to grants approved after March 31, 1999	1,836,931	1,502,849
Amounts recognized as Ontario government funding	(99,275,754)	(100,816,575)
Deferred contributions, end of year	\$ 3,675,804	\$ 2,951,558

ONTARIO TRILLIUM FOUNDATION

Notes to Financial Statements (continued)

Year ended March 31, 2007

4. Deferred contributions and grants payable (continued):

- (b) Once OTF pledges grants for distribution, the grants are recorded as grants payable. Grants pledged and not yet distributed are payable, subject to the receipt of funds by OTF and to certain performance conditions placed on the recipients. The continuity of grants payable is as follows:

	2007	2006
Grants pledged - Community and Province-Wide grants programs	\$ 95,762,400	\$ 94,968,100
Grants rescinded	(1,347,200)	(1,066,500)
Grants paid	(94,826,905)	(97,416,250)
	(411,705)	(3,514,650)
Grants payable, beginning of year	96,769,017	100,283,667
Grants payable, end of year	\$ 96,357,312	\$ 96,769,017

Grants are payable to various organizations in the fiscal years ending March 31 as follows:

2008	\$ 66,007,812
2009	23,980,300
2010	5,543,500
2011	697,600
2012	128,100
	\$ 96,357,312

5. Non-grant community services:

Non-grant community services are charitable activities other than grants, such as partnerships with other organizations, projects initiated by OTF and technical assistance to community organizations. These contributions include expenses allocated from current operations.

ONTARIO TRILLIUM FOUNDATION

Notes to Financial Statements (continued)

Year ended March 31, 2007

6. Commitments:

Future minimum annual rental payments for premises under operating leases are as follows:

2008	\$ 364,000
2009	77,000
2010	34,000
2011	2,000
	<hr/>
	\$ 477,000

In relation to these leases, OTF has agreed to indemnify the Landlord against losses occurring on the lease premises which may arise out of a breach of the lease agreement.

OTF's lease for its Toronto head office premises expires in February 2008. A commitment for future lease space will be negotiated prior to that time.

7. Indemnification of officers and directors:

OTF has indemnified its past, present and future directors, officers, employees and volunteers against expenses (including legal expenses), judgements, and any amount actually or reasonably incurred by them in connection with any action, suit or proceeding in which the directors are sued as a result of their service, if they acted honestly and in good faith with a view to the best interests of OTF. The nature of the indemnity prevents OTF from reasonably estimating the maximum exposure. OTF has purchased directors' and officers' liability insurance with respect to this indemnification.

8. Financial assets and liabilities:

The carrying values of cash, accrued interest and other, accounts payable and accrued liabilities and grants payable approximate their fair values due to the relatively short periods to maturity of these items or because they are receivable or payable on demand.

The market value of investments is disclosed in note 2.
