

# Ontario Trillium Foundation

2013 | 2014 Annual Report

Building Healthy and Vibrant Communities

[www.otf.ca](http://www.otf.ca)

July 29, 2014

The Honourable Michael Coteau  
Minister of Tourism, Culture and Sport  
9<sup>th</sup> Floor, Hearst Block  
900 Bay Street  
Toronto, Ontario M7A 2E1

Dear Minister Coteau,

On behalf of the Board of Directors of the Ontario Trillium Foundation (OTF), I am pleased to submit our Annual Report for the fiscal year 2013-2014.

In this report you will find a brief summary that highlights the goals achieved by the Foundation. Also included is a list of grants made and our audited financial statements.

The Foundation is committed to building healthy and vibrant communities across Ontario through community-based initiatives that strengthen the capacity of the voluntary sector. We are grateful for the government's trust and for the annual funding as it has allowed us to continue to have a breadth of impact in communities across the province.

Our volunteer Board of Directors and Grant Review Teams, supported by a dedicated and knowledgeable professional staff, continue to provide outstanding leadership. We share a collective pride in the Foundation's successes, as described in this report.

We value the effective working relationship OTF has with your ministry, and we look forward to continuing our important work together.

Sincerely,

Dr. Dev R. Sainani,  
Chair of the Board

## Message from the Chair, Dev Sainani

This marks my second year as Chair of the Ontario Trillium Foundation (OTF) Board of Directors. My appointment in December 2012 came after a long history with the Foundation, including five years as a Grant Review Team Member and three as a member of the Board of Directors. Over the past year, I have thoroughly enjoyed working with my fellow board members and the OTF senior leadership team – all of whom are passionate about building healthy and vibrant communities in Ontario.

As with every year, we say goodbye to some Board Members who have finished their terms and must move on. This year was no different, with two Board Members, Fiona Blondin-Fiorini and Gervan Fearon stepping off the Board. Their energy, dedication and commitment to OTF will be missed and I want to wish them all the very best in their future endeavours.

While last year was a year of transition, with a new CEO and a new board chair, this year has been a year of focussed change. In the coming months, the Foundation will launch its first major change to how it awards grants in 15 years. ReDesign2015 will focus primarily on generating the greatest impact with our granting budget, through an evidenced based approach.

Working with CEO Andrea Cohen Barrack, the board and the staff at OTF over the past year, and through the development of this new investment framework has been both exciting and rewarding. As we move in this new direction, OTF has begun to leverage its expertise and resources to partner with other organizations for collective impact.

One of these partnerships has been with the Canadian Index of Wellbeing. The CIW is an index that evaluates the health and wellness of communities based on a variety of factors, such as Education and Community Vitality. The OTF partnership with the CIW has been groundbreaking, in that it involved the commission of the first ever comprehensive Ontario-based wellness evaluation. The Foundation will use the CIW as a baseline for what is really happening in communities right now, and also as a measurement tool. This rigorous and academic approach to impact measurement contributes to OTF's well-deserved reputation and status as a thought leader in Canada's nonprofit sector.

I would like to thank the Honourable Michael Chan, Minister of Tourism, Culture and Sport, for his unwavering support of OTF and the communities we serve across Ontario. While the government of Ontario continued to recognize the value of our work with \$120 million of funding in 2013-2014, the composition of that funding has changed. For the first time in our history, we have partnered with another government ministry. With the Ministry of Children and Youth Services, OTF has successfully administered Year One of the Youth Opportunities Fund.

Our participatory model of granting is one of our greatest strengths. We are known for our in-depth community knowledge, which stems from our incredible volunteers in 16 catchments across the province. During the past year, we have worked to ensure that our volunteers are engaged and utilized to the best of their abilities. We conducted a survey of our volunteers, and have struck a Volunteer Engagement Advisory Group. This group will examine the results of the survey, and determine action items in response to the feedback of the volunteers.

Over the past year, OTF staff worked with grantees and our volunteer grant review team members to recognize 669 grants with events in communities across Ontario.

In 2013-2014, the Foundation invested \$106,024,300 in 1,052 grants to charitable and not-for-profit organizations in our four funding sectors across the province:

- We contributed more than \$49.4 million to grants in the human and social services sector;
- We supported the sports and recreation sector with more than \$21.4 million in grants;
- We invigorated the arts and culture sector with more than \$22.6 million in funding; and
- We dedicated more than \$12.6 million to the not-for-profit environment sector.

Next year's report will look much different, as we move forward with new investments streams.

This is an exciting time, and I am grateful to the volunteer Board of Directors, the Grant Review Team members and the staff who have worked hard this year and contributed to ground-breaking successes. This is a true team effort and their insight and commitment to ensuring that we fund worthwhile projects is greatly appreciated. The success of OTF is a result of their fine work.

A handwritten signature in black ink, appearing to read 'Dev R. Sainani', with a stylized flourish at the end.

Dr. Dev R. Sainani,  
Chair of the Board

## Message from the Chief Executive Officer

This has been a year of change, growth and milestones for the Ontario Trillium Foundation (OTF). Now in my second year as CEO at the Foundation, 2013-14 has laid the groundwork for a new direction for us. This new direction will ensure that OTF achieves our mission in alignment with government priorities, and leads Ontario's nonprofit sector in investing for impact.

This year, we were pleased to receive the Auditor General's follow up to his 2011 Value for Money audit of the Foundation. The Auditor General noted substantial progress on the recommendations that he made.

In the spring of 2015, we intend to launch ReDesign2015 which will be the first major changes to our granting approach in 15 years. These changes come as a result of extensive consultation with over 1,500 stakeholders in the province, as well as external experts. Our new investment framework will include an evidence based approach to investments in the nonprofit sector, supported by the framework of the Canadian Index of Wellbeing. The CIW is an index that measures the wellbeing of Canadians in areas like education, community vitality and living standards. This year, the Foundation commissioned a CIW report which examined the wellbeing of the people of Ontario.

As we move forward with ReDesign2015, OTF will use this report as a baseline understanding of the state of Ontario communities. Over the long term, the CIW will be used as a measurement metric, as the Foundation examines the impact of our investments.

We recognize that as an agent of the government of Ontario we have a great responsibility to utilize our resources in the most effective and efficient way possible. This is reflected in our move to more closely measure the impact of our investments, and also in a new approach to social investment partnerships. As the largest granting foundation in Canada, OTF has the opportunity to leverage its resources for collective impact.

OTF is partnering with Community Foundations of Canada on the Community Knowledge Exchange (CKX) Summit, which will take place in Toronto in the fall of 2014. As a thought leader in the nonprofit sectors, one of our aims with this conference is to secure agreements on measuring common indicators amongst other funders. This will help us to better understand the difference we are making collectively.

Over the last fiscal year, OTF has engaged in several groundbreaking Social Investment Partnerships. Working with the W. Garfield Weston Foundation and a nonprofit organization called Toronto Park People, OTF made its largest ever grant. This investment partnership will support the vitality of Toronto green spaces, and has the potential to be scaled up and replicated across the province.

We are also working with TD Canada Trust to invest in the Community Forward Fund which will build the financial capacity and sustainability of NFPs across Ontario. TD Canada Trust is also part of an OTF-led consortium of funders exploring the possibility of a collective impact initiative to find solutions to assist underfunded and underserved communities experiencing complex social problems in Ontario. Similarly, OTF has co-founded the Circle on Philanthropy and Aboriginal Peoples in Canada. OTF is collaborating with Tides Canada Foundation and other founding members to develop a micro-granting initiative to support indigenous youth throughout Ontario. This is accompanied by another, separate program focused on supporting indigenous youth.

This year, OTF launched the Youth Opportunities Fund through partnership with the Ministry of Children and Youth Services. This marks our first government partnership outside our parent ministry, the Ministry of Tourism, Culture and Sport. YOF has benefited from a social investment partnership with a private foundation. The Gordon and Ruth Gooder Charitable Foundation contributed an additional \$500,000 to the program.

These partnerships, and many others, are indicative of our commitment to make the greatest impact with our granting dollars. By working collaboratively with organizations who share our values toward shared goals, the opportunity to make a real impact on Ontario communities greatly increases.

As we move forward with these exciting partnerships and with our new investment framework, I would like to commend our skilled and passionate staff team for the work that they do on behalf of the Foundation and the people of this province. This year has been a time of great change and great opportunity and our staff have demonstrated commitment to the ongoing mission and mandate of the organization.

We have put some of the foundational pieces in place this year to position ourselves for ReDesign2015. I share the excitement of our staff, volunteers and all of our partners about the anticipated positive impact this approach will have on community building.

I would like to thank Dev Sainani, the Chair of the Board, and our volunteer Board of Directors for their guidance and leadership.

I'm extraordinarily grateful to be part of an organization that impacts communities across the province through the grants that we make and I believe that we are well positioned to continue to fund important community needs into the future.

Andrea Cohen Barrack,  
Chief Executive Officer

# Accountability, Impact and Organizational Effectiveness

## Ontario Trillium Foundation Review of 2013-2014 Achievements

The Ontario Trillium Foundation Business Plan for the year covered three major performance goals, each with supporting objectives. The following summarizes the organization's achievements relative to those goals and objectives.

### **GOAL 1: Deliver High-Value and Accountable Investments of Public Funds**

#### Objective 1: Leverage our Investments in Alignment with our Strategic Framework

---

Achievements included:

- We successfully aligned granting decisions to the sector priorities and local areas of granting focus in the new Strategic Framework.
  - Achieved granting targets within sector allocation ranges (including local areas of granting focus where appropriate), with 21% of funds in the Arts and Culture sector, 12% of funds in the Environment sector, 47% in the Human and Social Services sector and 20% in the Sports and Recreation sector.
- Met overall organizational targets, with 1,052 grants totalling \$106,024,300 made under the Foundation's Community and Province-Wide programs. As well, under the Youth Opportunities Fund, the OTF Board approved 23 grants totalling \$4,950,000 – bringing the total grants approved to \$110,974,300.
- Leveraged OTF financial resources through better collaboration with other funders and a new strategy for partnerships with the private sector.
  - This year, OTF developed a Social Investment Partnership Framework to govern its social investment partnerships. To this end, OTF has embarked on three partnerships: with the Gordon and Ruth Gooder Charitable Foundation, on the Youth Opportunities Fund, with the W. Garfield Weston Foundation and Toronto Park People to invest in Toronto's public parks and also with Community Foundations of Canada to develop a Community Knowledge Exchange (CKX).

#### Objective 2: Ensure Consistent, Transparent, and Equitable Granting Practices

---

Achievements included:

- We began a refinement of the application assessment process in late 2012/13, which continued in the 2013/14 year. An evaluation of the assessment model began late in 2013/14 and will be completed in 2014/15. This will increase equitable access to OTF funding, strengthen volunteer engagement in local decision-making, and ensure consistency across the province.

#### Objective 3: Implement Recommendations Arising from the Auditor General's Value-for-Money Audit, and Ensure Compliance with all Regulatory Requirements

---

Achievements included:

- The Auditor General's follow-up report in December 2013 was positive and concluded that the Foundation had made "substantial progress" on most of the recommendations in the original report.
- Enhanced OTF's quality assurance processes, by establishing a Quality Assurance Unit and completing a

## Accountability, Impact and Organizational Effectiveness

Quality Assurance Framework.

- Internal audit activities have been enhanced, with targets of 5% for auditing grantees and 10% to ensure grant monitoring complies with OTF standards
- Successfully implemented strategies to ensure compliance with Accessibility for Ontarians with Disabilities Act (AODA) requirements at the Foundation, including staff and volunteer training.

### **GOAL 2: Enhance the Public Benefit Sector Across Ontario in Collaboration with our Partners**

---

#### Objective 1: Develop New Collaborative Initiatives with Funders in the Private Sector

---

Achievements included:

- This was the second year of OTF's Future Fund initiative, which invested more than \$5 million to build the capacity of organizations supporting social entrepreneurship across the province.
- In addition to the Future Fund initiative, in 2013/14 OTF invested more than \$6.2 million to support social finance and social entrepreneurship activities across the province.
- We also engaged in the social investment partnerships described under Goal 1, Objective 1, to leverage private sector contributions in support of community initiatives.

#### Objective 2: Strengthen Information Systems to Support Access, Integration, and Operations

---

Achievements included:

- Continued the implementation of an Electronic Service Delivery system, by launching a new platform called Monarch.
- In partnership with Community Foundations of Canada, OTF is collaborating on a project called Community Knowledge Exchange (CKX) which will bring individuals, organizations, and communities together to use, create, and share community knowledge to spark social change.

#### Objective 3: Generate and Share New Ideas and Insights to Achieve Greater Impact

---

Achievements included:

- Pursued opportunities for more open sharing of OTF data and knowledge, by partnering with the Public Economics Data Laboratory at McMaster University, coordinating its approach to open data with the government's Open Data Ontario initiative and partnering in a Pan-Canadian research network funded by the Social Sciences and Humanities Research Council.
- Acted as a convener to bring grantees and other organizations together, and to encourage networks, partnerships and other new ways of working together by hosting or leading 211 knowledge-sharing events across the province, 41% of which benefited potential applicants and 27% of which benefited public sector organizations.

# Accountability, Impact and Organizational Effectiveness

## Goal 3: Support Applicants and Grantees to Maximize their Impact

### Objective 1: Measure and Tell the Story of Grantee and Foundation Performance

---

Achievements included:

- Enhanced how OTF measures its performance by introducing a new performance measurement framework.
- Commissioned the first report on provincial wellbeing based on the framework and indicators in the Canadian Index of Wellbeing, which will serve as a baseline for reporting on longer-term impact in future years.
- Developed a new reporting system to measure the outcomes of investments in sector priorities and strategic enablers.
- Commissioned research to identify the economic multiplier and employment effect of OTF's grants across the province.
- As part of "ReDesign 2015," the redesign of OTF's investments programs, the Foundation has been working to identify the CIW indicators which best represent the impact OTF is seeking to have over time.

### Objective 2: Promote the Achievements of OTF, our Grantees and the Public Benefit Sector

---

Achievements included:

- Enhanced communications and public affairs to better demonstrate the impact of OTF investments in communities across the province. This includes increased social media activities and new-media forms of communications, like infographics and videos.
- Continued to support grantee and volunteer recognition events in communities across the province, with 669 recognition events this year.
- Increased access to the growing information and knowledge base available through OTF's web site and social media outlets, with the development of a new knowledge sharing dashboard and the re-launch of the knowledge base support given to staff and volunteers.

### Objective 3: Engage the Best People to Build a Dynamic Culture that Inspires Excellence

---

Achievements included:

- Conducted a staff engagement survey and established an Employee Engagement Advisory Group to recommend action items in response to survey findings. The Employee Engagement Advisory Group will also develop a new learning plan for staff.
- Created a Volunteer Engagement Advisory Group whose mandate is to make recommendations to increase volunteer engagement.

## Our Mission and Values

The Ontario Trillium Foundation (OTF) is an agency of the Government of Ontario and Canada's leading grant-maker.

The Foundation's mission is to build healthy and vibrant communities throughout Ontario by strengthening the capacity of the voluntary sector, through investments in community-based initiatives.

The following core values and operating principles guide the Ontario Trillium Foundation and shape its organizational culture. Our volunteers and staff are dedicated to reflecting these values in their actions and relationships.

- We act with integrity and fairness
- We provide outstanding customer service
- We lead change that matters to communities
- We pursue excellence in all we do
- We improve through knowledge and learning
- We build trust through transparency and accountability

## Strategic Framework

### Investing for Impact

The mission of the Ontario Trillium Foundation is to build healthy and vibrant communities throughout Ontario by strengthening the capacity of the voluntary sector through investments in community-based initiatives. The Foundation provides grants to Ontario's charitable and not-for-profit organizations working in the arts and culture, environment, human and social services, and sports and recreation sectors.

To achieve a mission of this breadth and depth the Foundation has a strategic framework in place to guide granting decisions. The framework also identifies several strategies and priorities for each of the sectors.

## OTF Enablers

---

Overarching strategic enablers are the building blocks to achieve our mission.

### Capacity Building

Volunteer and not-for-profit organizations are resilient and adapt to the needs of the communities they serve – locally and provincially. In addition safe and accessible places to meet, work and play are essential to communities.

---

### Civic Engagement

Ontarians of all ages and backgrounds are encouraged and supported in their efforts to improve community life through a wide range of volunteer activities and in participation in community initiatives and events.

---

### Inclusion

Building more inclusive communities ensures that barriers of all types are addressed; and that diversity, one of Ontario's key assets, is valued, fostered and celebrated.

---

### Innovation

Creative approaches that fully realize opportunities and effectively address challenges faced by every community are supported and encouraged. By developing new ideas or adapting best practice we can stimulate new opportunities for vibrant and resilient communities.

---

### Collaboration

Connections with others, both individually and organizationally, support strong communities. Partnerships and new ways of working together are fostered in order to achieve greater impact.

---

### Responding to Local Contexts

OTF supports local initiatives and local decision making that responds to the unique and diverse needs of communities.

# Strategic Framework

## How OTF does its work

---

Based on the mission, built on the strategic enablers and guided by the priorities, knowledgeable and committed staff and volunteers are able to address the opportunities and needs identified by local and provincial grant applicants.

Locally-appointed volunteer Grant Review Teams (GRTs) and regionally-based OTF staff ensure communities large and small are represented in 16 OTF catchments, or granting areas. Each of the 16 GRTs has determined Local Areas of Granting Focus to address the need for local context in decision-making.

Provincial decision-making is guided by an appointed Board of Directors whose members oversee provincial grant decisions based on the same strategies and sector priorities.

The Strategic Framework guides OTF activities within the broader not-for-profit sector including its relationships with stakeholders and research, knowledge sharing and community engagement.

## OTF Sector Priorities

---

Building on the overarching strategic enablers and recognizing that each sector has a unique opportunity to contribute to the health and vibrancy of Ontario, sector priorities guide and focus decision-making to help achieve the highest impact for every OTF investment. There are four priorities for each sector.

In addition, to know that OTF investments are making a difference across the province and to ensure they have an impact, we have identified desired outcomes to measure the changes that will help us achieve our mission. Each sector priority has one or two associated desired outcomes.

### Arts and Culture

#### **Preserve, promote and celebrate diverse cultures and heritages**

- More and better activities that celebrate the diverse cultures of the province
- More heritage sites preserved and promoted

#### **Broaden participation and engagement in arts and culture**

- More people participating and engaged in arts and culture, especially those who would not otherwise have access

#### **Foster and strengthen the capacity, vibrancy and growth of the artistic and cultural community**

- Better skills, talent, leadership and collaboration in arts and cultural communities
- More and better physical spaces where arts and cultural activities can take place

#### **Leverage the power of the arts for positive social change, community building or economic impact**

- More arts and cultural activities that transform communities and lives in positive ways

# Strategic Framework

---

## Environment

### **Build the capacity of communities to develop local and sustainable food systems**

- More local and sustainable food systems are accessible in Ontario
- Local and sustainable food systems have led to improved community well-being

### **Engage Ontarians in initiatives that reduce greenhouse gas emissions (GHG) and increase energy conservation**

- Increased energy conservation
- More people and organizations are engaged in initiatives that reduce GHG emissions, particularly those who have not traditionally been a part of the sector

### **Support innovative initiatives that protect and build green infrastructure**

- Green infrastructure is maintained and developed in communities

### **Build the capacity of the sector to safeguard and restore ecosystems**

- Ecosystems are restored and safeguarded
- More people and organizations are working to restore and safeguard ecosystems, particularly those who have not traditionally been a part of the sector

## Human and Social Services

### **Support initiatives that remove barriers and promote or increase equitable access to social and economic participation in community life**

- Greater civic engagement (and economic participation) in community life, particularly for those who would not otherwise have access
- Greater access to community activities or volunteer initiatives, particularly for those who would not otherwise have access

### **Support the capacity of organizations to adapt, innovate, collaborate and embrace sustainable ways of working together in order to achieve better outcomes**

- Organizations are working together in creative ways to respond to community issues or issues identified by communities
- Better skills, talent, leadership, collaboration and sustainability in the not-for-profit sector

### **Foster networks and intermediary organizations that strengthen the sector overall**

- More and better intermediary organizations and networks that affect change on issues identified by communities

## Strategic Framework

---

### Support projects that engage Ontarians in developing more resilient communities

- More initiatives that mobilize communities to affect positive change

### Sports and Recreation

#### Strategically renew infrastructure, with an emphasis on multi-use facilities, shared space and equipment

- Strengthened and renewed sports and recreation physical infrastructure
- Greater use and planning for multi-use facilities by sports and recreation organizations or activities to increase capacity of the sector

#### Broaden access to, and improve quality and safety of active living programs

- Higher quality active living programs
- More people participating in quality and safe active living programs, especially those who would not otherwise have access

#### Improve the social and economic well-being of Ontarians and their communities by leveraging the benefits of sports and recreation

- More people are connected to their community as a result of sports and recreation
- More sports and recreation and physical activities that transform communities and lives in positive ways

#### Strengthen sector capacity and leadership by increasing knowledge and improving skills of volunteers and staff

- Better skills, talent, leadership and collaboration in sports and recreation communities
- More knowledge sharing to support evidence-based decisions and best practices

# The Youth Opportunities Fund

In 2013, the Ontario Trillium Foundation launched the Youth Opportunities Fund (YOF), an exciting new \$5-million dollar annual program that provides grants and capacity-building supports to community organizations and grassroots groups working with youth in the Greater Toronto Area.

When the Ministry of Children and Youth Services was looking to support innovative initiatives serving youth facing multiple barriers, the Foundation, with its three decades of grant-making expertise, was an attractive partner.

The Foundation developed the YOF collaboratively with the Ministry, in consultation with the Premier's Council on Youth Opportunities and agreed to administer the program on behalf of the provincial government.

The inaugural 2013-2014 year included a \$500,000 contribution from the Gordon & Ruth Gooder Charitable Foundation, marking the first time the Foundation has embarked on a funding partnership with a private foundation.

The YOF was specifically designed to engage and benefit GTA-area youth aged 12 to 25 who are:

- Aboriginal youth (i.e. First Nation, Métis or Inuit youth)
- Racialized youth
- Newcomer youth

## Youth Opportunities Fund

- Lesbian, gay, bi-sexual, transgender, two-spirit and queer (LGBTQQ) youth
- Youth with disabilities or special needs between the ages of 12 -29

The program also engages and benefits young people who:

- Are vulnerable of becoming or are in conflict with the law
- Are in care or leaving care
- Are in low-income situations or from low-income families
- Have dropped out of school, or are re at-risk of dropping out

OTF is using a high-engagement granting model that encourages learning, innovation and collaboration across the sector. The YOF was designed to invest in initiatives that support young people to build, and benefit from, secure social networks that include strong and supportive friends and families.

The YOF program also intentionally nurtures:

- Local opportunities for youth to be engaged in and to lead initiatives that will strengthen their communities; and
- Initiatives that strengthen broader systems and networks for coordinated and youth-friendly communities

Specifically, the Foundation encourages initiatives that focus on at least one of five YOF outcomes:

### 1. Youth Form and Maintain Healthy, Close Relationships

*This involves providing spaces and opportunities for youth to interact with peers and adults in positive ways and helping youth to develop pro-social and interpersonal skills.*

## Youth Opportunities Fund

---

### 2. Youth Have at Least One Consistent, Caring Person in their Lives

*This involves increasing access to caring adults, as evidence shows that all youth, regardless of the barriers they face, benefit from having a mentoring relationship with a non-parent adult. Supporting young peoples' relationships with caring adults also involves building the capacity of these adults to better support and be allies to young people.*

### 3. Youth Have Families and Caregivers Equipped to Help them Thrive

*This involves supporting parents and guardians so they are equipped to provide basic needs, building their capacity to promote positive youth development, and helping them to find additional support when it is needed.*

### 4. Youth Are Engaged in their Communities

*This involves engaging youth in ways that work for them, ensuring they know about the opportunities available, and nurturing young peoples' sense of responsibility to their communities.*

### 5. Youth Know about and Easily Navigate Resources and Opportunities in their Communities

*This involves making it easier for young people to navigate supports, particularly during periods of transition, and enhancing collaboration across sectors so that there is a collaborative, integrated system of services.*

## Two Funding Streams

The YOF operates with two funding streams:

The **Strategic Collaborations Stream** invests in collaboratives of youth-serving organizations that are building on proven initiatives and those that will enhance the quality and responsiveness of service delivery for youth.

In this inaugural year of the YOF, the **Grassroots Innovation Stream** invested in both **Promising Initiatives** of Grassroots Groups that have demonstrated an early track record, and in **Promising Ideas**, which will create space for young leaders and/or groups of youth to access funds, build their skills, grow their networks and strengthen their communities.

In March 2013, OTF announced 23 investments, totaling \$4.95 million in grassroots, youth-led and community-based organizations and youth leaders across the City of Toronto and the regional municipalities of Durham, Halton, Peel and York.

## Youth Opportunities Fund

---

Initiatives included:

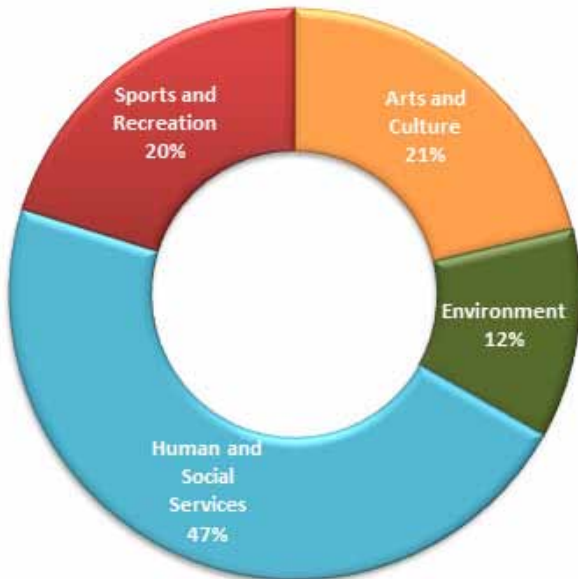

- **WoodGreen Community Services** – \$953,600 over four years to expand the Rites of Passage program for African Canadian youth in three target communities in Toronto (Falstaff at Jane & Wilson, The Peanut in the Don Valley Village Neighborhood and Scarborough Village). The Rites of Passage program is based on a recognized, culturally-based 12-month curriculum focused on fostering positive youth development.
- **Oshawa Community Health Centre** – \$971,700 over four years to support an Aboriginal coordinator and a mental health worker to strengthen programming and supports for Aboriginal youth living in and around Durham Region. Funding will support youth as they work collaboratively to create programs which will improve cultural knowledge, self-identity and mental health.
- **Eritrean Youth Collective (Care of For Youth Initiative)** – \$365,700 over five years to develop a youth-led leadership and mentorship program for Eritrean youth in Toronto. Young leaders will plan, lead and promote action within their networks and the broader Eritrean community.

### Report on Financial Performance Ontario Trillium Foundation, March 31, 2014

- In 2013-2014, the Ontario Trillium Foundation received \$115.0 million from the Ministry of Tourism, Culture and Sport and \$5.0 million from the Ministry of Children and Youth Services. (\$120.6 million is recorded in the Statement of Operations, which includes \$600,000 in additional funds from rescinded grants.) Other revenue sources include investment income (\$2.3 million), funds made available as a result of rescinded grants (\$3.7 million), and \$500,000 in social investment partnership income.
- Of this funding, \$106.0 million was pledged for the Foundation's core grants programs (Community and Province-Wide) and \$4.95 million for Youth Opportunities Fund grants. Grant-making expenses, services to the community, support services, and amortization together amounted to \$16.2 million.
- At March 31, 2014 the Foundation held approximately \$138.0 million in investments, in fixed income securities (short-term treasury bills and government bonds). Most of these funds (\$129.4 million) are committed to multi-year grant pledges. The Foundation's investments are managed by the Ontario Financing Authority.
- Funds may be recovered, or future payments rescinded, in cases where circumstances (e.g. planned activities, budgets) change or where grant conditions or performance objectives are not met.
- Accumulated net assets at year-end totaled almost \$2.6 million, of which approximately \$1.6 million was invested in capital assets and \$1.0 million represented unrestricted assets.
- Volunteers make a significant contribution to the operations of the Foundation. Given the difficulty of estimating monetary value, these contributions are not reflected in the financial statements.

## INDEPENDENT AUDITORS' REPORT

To the Board of Directors of Ontario Trillium Foundation

We have audited the accompanying financial statements of Ontario Trillium Foundation, which comprise the statement of financial position as at March 31, 2014, the statements of operations, changes in net assets and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

### *Auditors' Responsibility*

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### *Opinion*

In our opinion, the financial statements present fairly, in all material respects, the financial position of Ontario Trillium Foundation as at March 31, 2014, and its results of operations and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

# ONTARIO TRILLIUM FOUNDATION

Notes to Financial Statements

Year ended March 31, 2014

---

Ontario Trillium Foundation (the "Foundation" or "OTF"), an agency of the Ministry of Tourism, Culture and Sport ("MTCS"), is financially supported by the Ontario government. OTF began operations as an arm's-length agency of the Ontario government on August 23, 1982 and was incorporated without share capital under the laws of Ontario under letters patent dated November 17, 1982. OTF's purpose is to build healthy and vibrant communities throughout Ontario, by strengthening the capacity of the voluntary sector through investments in community-based initiatives.

Government funding is subject to Memoranda of Understanding that define how the funds must be invested and distributed.

## 1. Significant accounting policies:

The financial statements have been prepared by management in accordance with Canadian public sector accounting standards, including the 4200 standards for government not-for-profit organizations.

### (a) Revenue recognition:

OTF follows the deferral method of accounting for contributions, which include government funding. Unrestricted contributions are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured. Externally restricted contributions are deferred and recognized as revenue in the year in which the related expenses are incurred.

Investment income is recorded on the accrual basis.

### (b) Financial instruments:

Financial instruments are recorded at fair value on initial recognition. All other financial instruments are subsequently recorded at cost or amortized cost unless management has elected to carry the instruments at fair value. The Foundation has not elected to carry any such financial instruments at fair value.

Financial instruments are adjusted by transaction costs incurred on acquisition and financing costs, which are amortized using the effective interest rate method.

# ONTARIO TRILLIUM FOUNDATION

Notes to Financial Statements (continued)

Year ended March 31, 2014

---

## 1. Significant accounting policies (continued):

All financial assets are assessed for impairment on an annual basis. When a decline is determined to be other than temporary, the amount of the loss is reported in the statement of operations.

As financial instruments are recorded at cost or amortized costs, a statement of remeasurement gains and losses has not been included.

### (c) Grants:

Grants are recorded as expenses in the year that the Foundation approves the grant.

### (d) Allocation of support services expenses:

The Foundation classifies expenses on the statement of operations by function. The Foundation allocates certain costs by identifying the appropriate basis of allocating and applying that basis consistently each year. The Foundation allocates its support services expenses proportionately on a per capita basis.

### (e) Capital assets:

Capital assets are recorded at cost less accumulated amortization. Amortization is provided on a straight-line basis over the following periods:

---

Furniture and fixtures	5 years
Computer hardware	3 years
Computer software	3 years
Leasehold improvements	Over term of lease

---

### (f) Use of estimates:

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the year. Actual results could differ from those estimates.

# ONTARIO TRILLIUM FOUNDATION

Notes to Financial Statements (continued)

Year ended March 31, 2014

## 2. Investments:

	2014	2013
Short-term investments	\$ 65,171,406	\$ 42,688,457
Bonds	–	24,373,775
Laddered bond portfolio	72,855,680	72,587,190
	<u>\$ 138,027,086</u>	<u>\$ 139,649,422</u>

All investments, excluding the laddered bond portfolio, are in fixed income securities and mature within the next eleven months (2013 - nine months). These investments bear interest from 0.87% to 1.12% (2013 - 0.96% to 1.29%).

In OTF's laddered bond portfolio, all bond investments are in fixed income securities and have maturity dates between six months and three years. These investments bear interest from 3.15% to 4.50% (2013 - 3.15% to 5.00%).

The Ontario Financing Authority acts as OTF's investment manager under an investment management agreement that adheres to OTF's policies and procedures governing risk and also includes additional risk concern measures.

## 3. Capital assets:

			2014	2013
	Cost	Accumulated amortization	Net book value	Net book value
Furniture and fixtures	\$ 898,555	\$ 712,848	\$ 185,707	\$ 234,769
Computer hardware	1,145,927	909,842	236,085	340,835
Computer software	1,254,472	1,110,523	143,949	157,993
Leasehold improvements	1,414,938	392,556	1,022,382	1,142,655
	<u>\$ 4,713,892</u>	<u>\$ 3,125,769</u>	<u>\$ 1,588,123</u>	<u>\$ 1,876,252</u>

# ONTARIO TRILLIUM FOUNDATION

Notes to Financial Statements (continued)

Year ended March 31, 2014

## 4. Deferred contributions and grants payable:

- (a) Deferred contributions represent funding received from Ministries that has not yet been pledged as grants or spent on operations. These funds are restricted until grants are approved by the Board of Directors and pledged to third parties or until operating expenditures made. OTF has controls in place to ensure that the restrictions on grant pledges are met prior to utilization of these funds.

				2014	2013
	General operations	Community Capital Fund	Youth Opportunities Fund	Total <sup>(i)</sup>	Total
Deferred contributions, beginning of year	\$ 6,589,580	\$ 1,244,004	\$ –	\$ 7,833,584	\$ 7,121,701
Funding received:					
MTCS:					
Annual core allocation	115,000,000	–	–	115,000,000	120,000,000
Special projects	–	–	–	–	5,000,000
Ministry of Children and Youth Services	–	–	5,000,000	5,000,000	–
	115,000,000	–	5,000,000	120,000,000	125,000,000
Investment income recorded as revenue	2,343,222	–	3,294	2,346,516	2,349,290
Grants pledged	(106,024,300)	–	(4,500,000)	(110,524,300)	(116,641,900)

Support services and amortization	(2,332,258)	–	(4,765)	(2,337,023)	(1,839,228)
Services to the community	(739,240)	–	–	(739,240)	(464,359)
Grants rescinded or recovered	3,117,431	621,800	–	3,739,231	4,666,514
Amounts recognized as Ontario government funding	(115,764,432)	166,266	(4,967,891)	(120,566,057)	(124,288,117)
Change during the year	(764,432)	166,266	32,109	(566,057)	711,883
Deferred contributions, end of year	\$ 5,825,148	\$ 1,410,270	\$ 32,109	\$ 7,267,527	\$ 7,833,584

<sup>(i)</sup> In addition to the funding received from the Ministry of Children and Youth Services for Youth Opportunities Fund, OTF also recognized \$500,000 of social investment partnership income during 2014. Of this amount, \$450,000 is included in grants pledged and \$50,000 is included in grantmaking expenses as shown on the statement of operations.

# ONTARIO TRILLIUM FOUNDATION

Notes to Financial Statements (continued)

Year ended March 31, 2014

## 4. Deferred contributions and grants payable (continued):

Community Capital Fund:

On August 27, 2010, the Foundation signed an agreement with MTCS to administer the Community Capital Fund to provide grants for specific infrastructure projects that support Ontario government priorities and help to revitalize community-based infrastructure by directing funding towards capital assets.

Youth Opportunities Fund:

On November 7, 2013, the Foundation signed an agreement with the Ministry of Children and Youth Services ("MCYS") to administer the Youth Opportunities Fund ("YOF") to provide grants for community-based and positive youth development projects that improve conditions for youth who face multiple barriers to positive outcomes in the Greater Toronto Area.

The total funding to be received from the MCYS is \$5,000,000 per year. During 2014, \$4,967,892 of this funding was spent, of which \$4,500,000 is included in grants pledged.

- (b) Once OTF pledges grants for distribution, the grants are recorded as grants payable. Grants pledged and not yet distributed are payable, subject to the receipt of funds by OTF and to certain performance conditions placed on the recipients. The continuity of grants payable is as follows:

	2014	2013
Grants pledged	\$ 110,974,300	\$ 116,641,900
Grants rescinded	(2,981,400)	(3,715,300)
Grants paid	(108,422,400)	(123,504,000)
	(429,500)	(10,577,400)
Grants payable, beginning of year	129,806,500	140,383,900
Grants payable, end of year	\$ 129,377,000	\$ 129,806,500

# ONTARIO TRILLIUM FOUNDATION

Notes to Financial Statements (continued)

Year ended March 31, 2014

---

#### 4. Deferred contributions and grants payable (continued):

Grants are payable to various organizations in the fiscal years ending March 31 as follows:

---

2015	\$	84,266,100
2016		32,004,600
2017		10,383,500
2018		2,220,700
2019		502,100
	\$	129,377,000

---

#### 5. Social investment partnership income:

Social investment partnership income is the shared resourcing of a program, project or initiative by two or more funders. During 2014, OTF recognized \$500,000 from the Gooder Foundation to support the YOF.

#### 6. Allocation of expenses:

The Foundation allocates certain of its support services expenses based on the proportion of the total staff directly involved with grantmaking and services to the community. The following percentages were used to calculate the allocation: grantmaking, 68% (2013 - 71%) and services to the community, 3% (2013 - 3%).

Support services reported in the statement of operations of \$1,828,480 (2013 - \$1,337,453) are reported after allocation of \$4,320,857 (2013 - \$3,594,261) to grantmaking expenses and \$165,974 (2013 - \$138,596) to services to the community.

#### 7. Services to the community:

Services to the community are charitable activities other than grants, such as convening, knowledge sharing and technical assistance to community organizations.

# ONTARIO TRILLIUM FOUNDATION

Notes to Financial Statements (continued)

Year ended March 31, 2014

---

## 8. Commitments:

Future minimum annual rental payments for premises under operating leases are as follows:

---

2015	\$ 1,269,900
2016	1,184,500
2017	1,186,800
2018	1,237,300
2019	1,270,200
Thereafter	3,330,400
	<hr/>
	\$ 9,479,100

---

In relation to these leases, OTF has agreed to indemnify the landlord against losses occurring on the lease premises which may arise out of a breach of the lease agreement.

## 9. Indemnification of officers and directors:

OTF has indemnified its past, present and future directors, officers, employees and volunteers against expenses (including legal expenses), judgments, and any amount actually or reasonably incurred by them in connection with any action, suit or proceeding in which the directors are used as a result of their service, if they acted honestly and in good faith with a view to the best interests of OTF. The nature of the indemnity prevents OTF from reasonably estimating the maximum exposure. OTF has purchased directors' and officers' liability insurance with respect to this indemnification.

# ONTARIO TRILLIUM FOUNDATION

Notes to Financial Statements (continued)

Year ended March 31, 2014

---

## 10. Financial risks:

### (a) Liquidity risk:

Liquidity risk is the risk that the Foundation will be unable to fulfill its obligations on a timely basis or at a reasonable cost. The Foundation manages its liquidity risk by monitoring its operating requirements. The Foundation prepares budget and cash forecasts to ensure it has sufficient funds to fulfill its obligations.

Accounts payable and accrued liabilities are generally due within 60 days of receipt of an invoice.

There have been no significant changes to the liquidity risk exposure from 2013.

### (b) Market risk:

Market risk is the risk that changes in market prices, such as foreign exchange rates or interest rates, will affect the Foundation's income or the value of its holdings of financial instruments. The objective of market risk management is to control market risk exposures within acceptable parameters while optimizing return on investment.

### (c) Interest rate risk:

Interest rate risk is the risk that the fair value of future cash flows or a financial instrument will fluctuate because of changes in the market interest rates.

Financial assets and financial liabilities with variable interest rates expose the Foundation to cash flow interest rate risk. The Foundation is exposed to this risk through its investments.

As at March 31, 2014, had prevailing interest rates increased or decreased by 1%, assuming a parallel shift in the yield curve, with all other variables held constant, the estimated impact on the market value of bonds would approximate \$1,200,000.

The Foundation's investments are disclosed in note 2.

There has been no change to the interest rate risk exposure from 2013.
