Dear Minister:

On behalf of the Board of Directors of the Ontario Trillium Foundation, I am pleased to submit a copy of our Annual Report for the fiscal year 2004-2005.

In this report, you will find a brief narrative that details the goals achieved and the challenges met by our volunteers and staff. Also included is a list of grants made under our various programs as well as our audited financial statements.

Through the allocation of \$100 million from the government's charity casino initiative, the Foundation acts as a catalyst that enables Ontarians to work together to enhance the quality of lives in their communities. We believe that communities across Ontario are rich in talent, creativity and drive and our grants stimulate communities to build on these assets.

The Foundation's volunteer Board of Directors and Grant Review Teams, supported by an able professional staff, continue to provide outstanding leadership. All of us share a collective pride in the Foundation's continuing accomplishments, as described in this report.

We value the effective working relationship the Ontario Trillium Foundation has with your ministry and we look forward to continuing to work together to build healthy and vibrant communities throughout Ontario.

Sincerely,

Message from the Chair

Helen Burstyn

It is my great pleasure to be the new Chair of the Ontario Trillium Foundation (OTF).

When I was appointed the Chair of the Board of Directors at OTF, I was excited to join such an important and well-respected organization. The more I learned about the Foundation's work and spoke to organizations who have benefited from our grants, the more my excitement and respect grew for the volunteers, staff and work of this vital organization.

Take a look at OTF's granting activities and you will be impressed too. In 2004-2005, the Foundation invested \$94,346,800 in 1,422 grants to charitable and not-for-profit organizations that showcase the diversity of interests, people and communities in Ontario. We have:

- Invigorated the arts and culture sector with nearly \$22 million in funding
- Contributed over \$9 million to the not-for-profit environment sector
- Dedicated over \$40 million to grants in the human and social services sector
- Supported the sports and recreation sector with nearly \$23 million in grants

I am inspired by the people who work tirelessly to make a positive difference in their communities. Together, our Board of Directors, the hundreds of our Grant Review Team volunteers and the hundreds of thousands of community volunteers all work to make meaningful contributions to our communities.

The lives of millions of Ontarians are touched and improved by the work of OTF's thousands of grantee organizations across the province. As a leader in the not-for-profit sector, the Foundation anticipates and responds to the evolving needs of Ontarians. This is reflected in our new OTF granting priorities, which will guide our funding decisions over the next three years:

- Enhanced success for students and learners
- Healthier and more physically active Ontarians
- Enhanced employment and economic potential for workers and their families
- More effective volunteers and more people engaged in their communities

We will focus on supporting organizations that work in these areas to help people, organizations and communities throughout Ontario to thrive.

As an organization committed to continuous improvement, our Board of Directors is interested in learning what we are doing well and what we can do even better. Our Community Conversations in the summer of 2005 will take place in different parts of the province and on-line. This exchange of ideas and experiences with community members will help us at the Foundation plan future directions and better meet the diverse needs of the communities we serve.

I am proud to acknowledge those who have contributed to our collective accomplishments. We are grateful to our funder, the Government of Ontario, for the continued financial commitment and to the Minister of Culture, the Honourable Madeleine Meilleur, for being such a strong and effective champion of the Foundation.

Great grants are made with the support of a great team. The Foundation is fortunate to benefit from the commitment of our more than 350 unpaid volunteers, who include our Board of Directors and volunteers on our 16 Grant Review Teams. They are knowledgeable, dedicated members of their local communities. This year we said goodbye and thank you to those volunteers who concluded their terms with the Foundation and welcomed new members to the OTF family.

Across the province, passionate and engaged staff members support our local volunteers. Led by Chief Executive Officer L. Robin Cardozo, the Foundation's staff members enthusiastically enable and promote our work, as well as the work of our grantees.

I joined a vigorous and robust organization that is making a tangible difference locally and provincially. Building healthy and vibrant communities across Ontario is more than a mission statement. It's the essence of what we do every day at OTF and what our grantees contribute every day to their communities throughout the province.

I look forward to working together over the coming years.

Helen Burstyn
Chair of the Board

Message from the Chief Executive Officer L. Robin Cardozo

ROI. Return on investment is something we're conscious of here at the Ontario Trillium Foundation. OTF has been entrusted by the Government of Ontario to perform an important task and as we review our activities for 2004-2005, I believe that we can be proud of the achievements of the Foundation and our grantee organizations.

In addition to evaluating our results in dollars and cents, we measure our success by the impact of our grants on organizations, individuals and communities across Ontario. During the year, more than 175,000 volunteers contributed 5.6 million hours to initiatives supported by OTF. In addition, the Foundation supported community events and celebrations that were attended by more than 4.9 million people.

Demand for OTF grants remains high. For every dollar we have available to grant, we receive more than \$3.00 in requests. For every dollar granted, grantee organizations leverage more than \$1.60 in additional financial and in-kind resources.

In 2004-2005, the Foundation drew on its reserve fund in order to maintain its annual grant-making operation at the level of \$100 million. As a result, Ontarians received the benefit of our careful management of resources over the years.

Building the capacity of the voluntary sector through investments in community-based initiatives is at the heart of our mission. During the year, we undertook a research project to further understand the impact of the Foundation's grants that were made to strengthen community organizations.

We will share the research on capacity building with our stakeholders at several community consultations in the summer of 2005. These *Community Conversations* will also provide an opportunity to ensure that the Foundation remains responsive to evolving community needs.

OTF continues to seek ways to enhance our impact in Ontario's communities. This year we introduced ongoing grant eligibility for small libraries, following the success of a one-time strategic granting initiative in 2003-2004. Small municipalities with populations of 20,000 or less are now eligible to apply for library grants that will create new opportunities for library users, enhance literacy and respond to local needs.

In November 2004, after careful deliberation and consultation, we announced new granting priorities. The new priorities result from analysis of OTF grants made over the last six years, the needs identified in our funding sectors and the priorities of the Government of Ontario. The new priorities present exciting opportunities as OTF continues to emphasize organizational capacity building in the voluntary sector.

Foundation staff and volunteers played an active leadership role in the 2004 Annual Council on Foundations conference, which took place in Toronto. I had the pleasure of acting as Chair of the Toronto Host Committee as we welcomed over 1,600 delegates from around the world. Working together, Canada's grant-making foundations had an opportunity to showcase achievements in the foundation and voluntary sectors.

I would like to thank the Minister of Culture, the Honourable Madeleine Meilleur, and staff at the Ministry of Culture for their ongoing counsel and support to the Foundation.

I would also like to thank the OTF Board of Directors, led by our talented and enthusiastic Chair Helen Burstyn. Our dedicated Grant Review Team volunteers and our hard-working professional staff are invaluable to the Foundation's success.

As you review the summary of our 2004-2005 achievements, we have already set our eyes on the future. Working together with the Government of Ontario and our volunteers, staff and community partners, I am confident that we will continue to achieve strong returns as we invest in building healthy and vibrant communities across Ontario.

ACCOUNTABILITY, IMPACT AND ORGANIZATIONAL EFFECTIVENESS

Ontario Trillium Foundation Review of 2004-2005 achievements

The Ontario Trillium Foundation Business Plan for the year covered four major performance goals. The following summarizes the organization's achievements relative to those goals.

Goal 1: Make investments to build healthy, vibrant and economically strong communities

Achievements:

- Developed and announced new granting priorities;
- Achieved 100% of granting targets;
- Achieved sector allocation ranges by granting 23% of funds in the arts and culture sector, 10% in the environment sector, 43% in the human and social services sector and 24% in the sports and recreation sector;
- Continued to document the impact of OTF grants on Ontario's communities, including economic and community benefits, with emphasis on measuring the impact of OTF grants on the leveraging of local resources;
- Implemented grant application deadlines, effective November 2004;
- Conducted research on OTF grants that contributed to building the capacity of organizations in the not-for-profit and charitable sectors, as part of the Capacity Building project undertaken this year;
- Revised the Program Guidelines and Application Form to enhance the grant application process, particularly for smaller organizations.

Goal 2: Continue to strengthen accountability and transparency

Achievements:

- Implemented a risk assessment tool to further enhance the grant monitoring process;
- Developed new priorities and revised internal procedures to assist in measurement of funding in these areas;
- As part of a multi-year electronic service delivery project, enhanced the OTF website by implementing improvements in navigation and access for Francophone users;
- Introduced 16 Regional Profiles that reported on community demographics in order to better inform OTF grant-making and made reports available on the OTF website;
- Enhanced internal audit functions at the Foundation;
- Maintained customer service standards and made improvements, based on input received from grant applicants, including the implementation of deadlines.

Goal 3: Continue to strengthen organizational efficiency and effectiveness

Achievements:

- Enhanced the development of volunteer decision-making capacity through professional training, including an expanded volunteer orientation program;
- Introduced further enhancements in the Foundation's Volunteer Recognition Program;
- Enhanced ongoing staff orientation programs and materials, including Intranet resources;
- Explored ways to effectively disseminate OTF's learnings from its grants and those of grantee organizations, including dissemination through presentations at key conferences;
- Completed analysis of appropriate level of Foundation operating costs;
- Played an active leadership role in the 2004 Annual Conference of the Council on Foundations in Toronto where OTF CEO chaired the Host Committee, staff and Board contributed to Ontario and Canadian conference content.

Goal 4: Communicate broadly and enhance branding

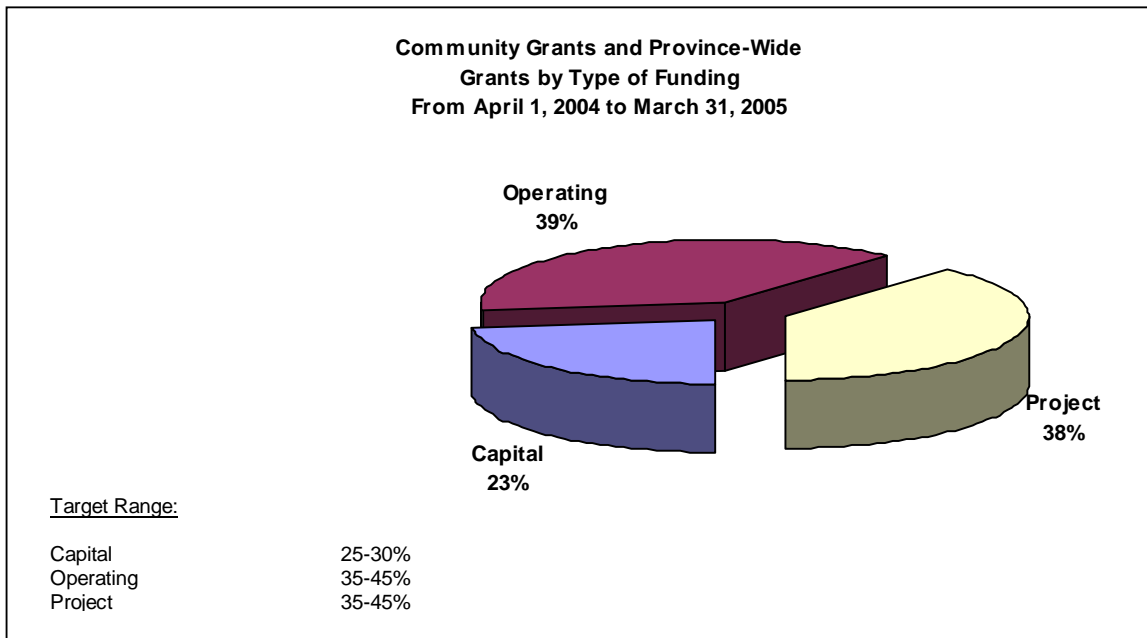

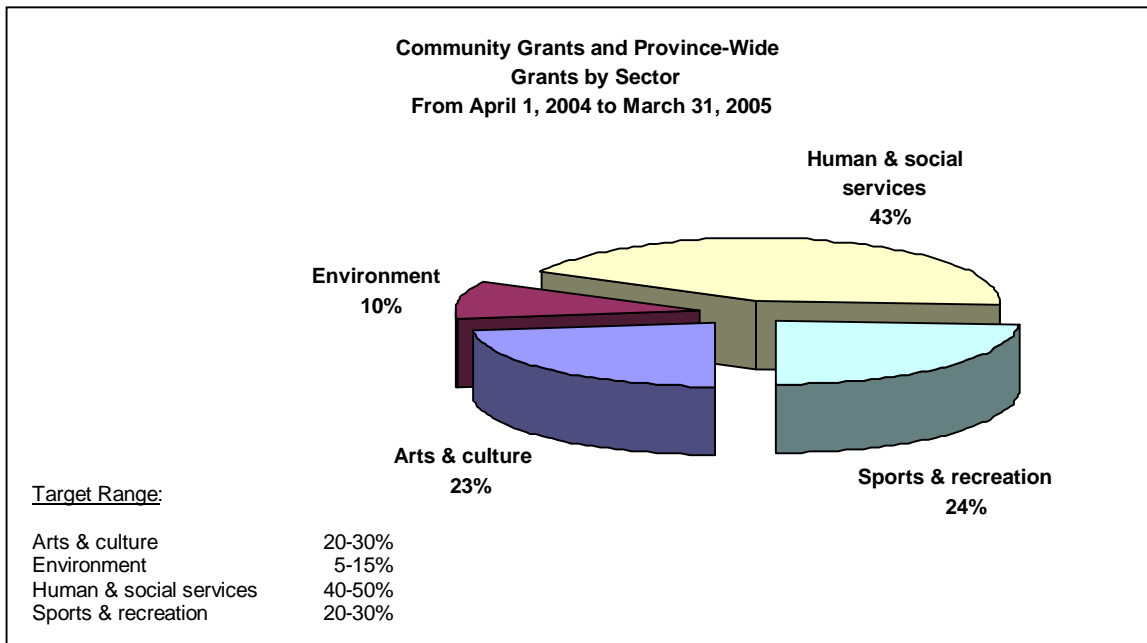

Achievements:

- Worked with the Ministry of Culture to announce new OTF granting priorities through public announcements, a new brochure, and the OTF website;
- Supported grantees in promoting their work and success in their communities by converting our newsletter, Trillium News, to a user-friendly electronic format and introducing a story gallery for grantees on the OTF website;
- Assisted grantees by providing communications advice and resources including new funder recognition products;
- Tracked media coverage to ensure that targets were being met;
- Ensured broad distribution and awareness of OTF's new Grant Recognition Toolkit by distribution to new grantees and posting on the OTF website;
- Ensured awareness of and compliance with OTF's Visual Identity Guidelines by producing Visual Identity Standards and supporting tools;
- Strengthened OTF's relationship with the Ontario Lottery and Gaming Corporation to promote OTF and its grantees and to ensure consistent messaging.

Our vision, mission and values (*Continued*)

Core values and operating principles

The following core values and operating principles guide the Ontario Trillium Foundation and shape its organizational culture. Our volunteers and staff are dedicated to reflecting these values in their actions and relationships.

Accountability and transparency

We appreciate the trust placed in us by the Government of Ontario, and safeguard the public funds we receive through rigorous accountability controls. Our communications programs and operational processes ensure that our guidelines and grant decisions are accessible and transparent to the public.

Excellence

Because we believe passionately that our work enhances the quality of life for people across Ontario, we aim to achieve the highest professional standards of excellence.

Volunteer and staff leadership

Our leadership depends on skilled staff working in productive partnership with knowledgeable volunteers who understand the needs of local communities in their region. Our staff and volunteer human resources practices foster this creative synergy.

Inclusiveness and innovation

Our policies and programs acknowledge that the people of Ontario are diverse and dynamic and that community needs differ across the province. We support creative initiatives that respond to the real needs of Ontario's varied and evolving communities.

Integrity and respect

Our grant decision-making processes, business practices and communications strategies are governed by the principles of honesty, integrity and fairness. We treat all stakeholders respectfully, including volunteers, staff, grant applicants and members of the public.

Efficiency and impact

We are determined to ensure that public funds are well invested and that our grant-making and grant-monitoring processes are cost efficient. We consistently measure and evaluate results based on grant outcomes.

Our granting priorities

The Foundation will support the building of healthy and vibrant communities through community-based initiatives that strengthen the capacity of organizations in the arts and culture, environment, human and social services and sports and recreation sectors.

In particular, the Foundation will place priority on supporting organizations that work in the following areas to help Ontarians achieve their potential.

Enhanced success for students and learners

A healthy and vibrant community depends on the skills and knowledge of its members. Whether knowledge and skills are developed in the early years when children start school or much later in life, ensuring that people of all ages and all abilities are ready to learn is key. This is why the Ontario Trillium Foundation will place priority on initiatives that:

- Create conditions for student achievement
- Provide community-based learning opportunities
- Help prepare children and youth for success
- Provide opportunities for life-long learning for people of all ages and abilities

This includes, but is not limited to, arts education programs, community support for people with learning disabilities, early childhood programs, literacy programs, libraries in small communities and homework clubs.

Healthier and more physically active Ontarians

Encouraging Ontarians to lead healthier lifestyles, as well as improving other determinants of health, such as air and water quality, and providing opportunities for people to enhance their health and well-being will lead to healthier and more physically active Ontarians. To this end, the Ontario Trillium Foundation will place priority on initiatives that:

- Promote physical activity for people of all ages and abilities
- Promote recreational activities for people of all ages and abilities
- Enhance and help protect human and ecosystem health
- Create conditions for people to reach their full health and well-being potential

This includes, but is not limited to, community sports and recreation, recreation for people with disabilities, performing arts, coaching programs, health promotion, mental health programs, shelters, food banks and clean environment initiatives.

Enhanced employment and economic potential for workers and their families

The Ontario Trillium Foundation supports initiatives that are innovative and that stimulate economic growth. To this end, OTF will place priority on proposals that support organizations to build skills, create jobs and enhance economic potential for individuals and communities through initiatives that:

- Provide skill development or employment opportunities
- Sustain and promote a green environment
- Strengthen the economic health of a community
- Help further a community's long-term vision and growth

This includes, but is not limited to, community economic development, energy conservation and job skills for people facing employment barriers including Aboriginal people, newcomers or people with disabilities.

Our granting priorities (*Continued*)

More effective volunteers and more people engaged in their communities

Volunteers are the foundation of healthy and caring communities that are safe, clean, secure and vibrant. Providing people with opportunities to actively participate in activities or programs offered within their community also contributes to this. We support initiatives that:

- Strengthen volunteerism through volunteer recruitment, training and recognition initiatives
- Create conditions that reduce barriers and allow all people to fully participate in their community
- Strengthen the voluntary sector
- Enhance engagement through community leadership development, leadership renewal and mentoring programs

This includes, but is not limited to, community arts initiatives, celebrating and preserving heritage, volunteer training, recruitment and retention programs, community leadership development and renewal, mentoring programs and safe community initiatives.

Building healthy and vibrant communities

A sampling of 2004-2005 grants

Algoma, Cochrane, Manitoulin, Sudbury ***Garden River First Nation*** **Sports and recreation**

The First Nation received **\$75,000 over three years** towards the cost of operating a sports and leisure program that will offer healthy living programs to the community and high-impact physical activities and mentoring to at-risk youth.

Increased physical activity is beneficial to overall health and providing sports programs will engage youth in healthy alternatives for expending energy and developing life skills. Parents and community volunteers will assist with the programs.

The programs developed will have a high cultural and environmental component to promote native teachings and knowledge to the younger generation. Artistic events such as plays, powwows and native celebrations and crafts will be included in the program.

In addition, the program will stimulate economic growth and innovation. The participating youth will receive skills or leadership training and will be hired for summer employment positions. These youth will act as mentors and role models to other youth in the community.

Champlain ***Rockland Community Television*** **Arts and culture**

The organization received **\$43,500 over 13 months** to produce an educational documentary series on the history of Ontario's Francophone community called *Nos souvenirs/Notre patrimoine*. The series will be used for broadcast locally and for educational purposes by schools in the area.

The historic aspect of the project will ensure a better appreciation of the contributions made by the elders of Rockland and area by the general public and by students invited to view the programs created. The programs will highlight the contributions made by the Francophone and Irish settlers to the Clarence-Rockland area, celebrating Ontario's diversity.

A sampling of 2004-2005 grants (Continued)

Durham, Haliburton, Kawartha, Pine Ridge *Dragon Flies c/o The Rotary Club of Port Perry* Sports and Recreation

The collaborative initiative received **\$25,000 over one year** to increase awareness of breast cancer and the importance of physical activity for breast cancer survivors by initiating a Dragon Boat festival on Lake Scugog.

This initiative aims to raise awareness and build support for breast cancer issues, focus on wellness after diagnosis and create a support system for breast cancer survivors in a rural area. The festival creates volunteer opportunities and collaborative partnerships within the community and promotes a healthy life style. As well, economic growth in the area is stimulated through increased tourism to the lakefront and the community.

Grey, Bruce, Huron, Perth *Big Brothers Big Sisters of Hanover & District* Human and social services

The organization received **\$41,000 over two years** to implement a marketing and outreach plan. This will help eliminate the waiting list of little brothers and little sisters by recruiting big brothers and big sisters in the small rural communities of Grey and Bruce counties around Hanover.

Healthy children grow into healthy adults who contribute to thriving and co-operative communities. Big Brothers Big Sisters matches at-risk children with volunteer mentors who help them develop healthy self-esteem and self-worth, improve their attitude toward school and help them make appropriate choices when faced with peer pressure.

Halton-Peel *Field and Stream Rescue Team* Environment

The organization received **\$72,300 over three years** to increase community awareness of environmental issues and to undertake specific planting initiatives in environmentally sensitive areas, creeks and streams in Halton Region. The OTF grant will help with planning and implementing a minimum of six environmental projects per year in Halton. The organization is involved with the cleanup of creeks and the planting of buffer areas to aid in bank stabilization and provide better habitat for fish and wildlife.

The initiative is the result of a strong volunteer commitment to the local environment and will strengthen and increase volunteer activities. In addition, this project stimulates economic growth and innovation by encouraging the use of natural, innovative and inexpensive technologies to stabilize creek banks.

A sampling of 2004-2005 grants (Continued)

Niagara *Niagara Mentoring and Leadership Initiative* Human and social services

The organization received **\$144,100 over three years** to develop the organizational capacity of at least 80 not-for-profit organizations in the Niagara Region, by providing mentoring, peer support groups strategic planning, training and other resources, ensuring resilient and sustainable organizations.

As an innovative solution to the pressing issues facing Niagara's voluntary sector, Niagara Mentoring and Leadership Initiative aims to build the core functional skills of the organization and its people.

This initiative aims to support a strong network of healthy organizations operating at their highest, which will ensure healthy communities. As well, this program will engage the expertise of volunteers from a diverse number of fields, including human resources, finance, information technology and board governance. The program harmonizes with our priority of increasing accessibility and celebrating Ontario's diversity. A toolkit and services for this project will be available to all organizations at low or no cost to remove financial barriers.

Province-Wide *Ontario Smart Growth Network c/o The Conservation Council of Ontario* Environment

The collaborative initiative received **\$25,000 over six months** to engage the public in the smart growth vision by developing a communications plan and by studying the feasibility of implementing the Municipal Smart Community Accreditation Program (MSCAP). The goal of MSCAP is to rate municipalities, developers and infrastructure consultants against smart growth principles and indicators.

Fulfilling the smart growth vision will help promote a healthy environment, healthy communities and sustainable local economies through smart land use, transportation and community design. Also, smart growth principles promote diverse transportation options and attractive, affordable and compact housing. They stimulate vibrant local economic development and protect traditional farming communities from urban encroachment.

Toronto

***Regent Park Bangladeshi Community Development Initiative c/o Toronto
Christian Resource Centre***
Human and social services

The collaborative initiative received **\$67,400 over one year** to increase individual and community capacity of Bangladeshi-Canadian women, children and families in Regent Park. The initiative provides tutoring for children, engages youth as volunteers and brings women together to reduce isolation and build upon their skills.

By providing volunteer training, tutoring, leadership skills and activities to reduce isolation and increase awareness of heritage among members of the Bangladeshi community in Regent Park, this project helps to build healthy communities and strengthen volunteerism.

Financial Report

Ontario Trillium Foundation

March 31, 2005

Report on Financial Performance

- In 2004-2005, the Ontario Trillium Foundation received \$94.5 million from the Ministry of Culture for its Community and Province-Wide Grants Programs. Other revenue sources include investment income (\$3.5 million) and funds made available as a result of rescinded grants (\$2.0 million)
- Of this funding, \$94.3 million was pledged for Community and Province-Wide grants, and grantmaking expenses and support services together amounted to \$10.4 million. The deficiency of revenue over expenses for 2004-2005 (\$5.7 million) was planned for in the OTF Business Plan for the year, in order to maintain the granting budget at a level consistent with the previous year.
- At March 31, 2005, the Foundation held approximately \$104.7 million in investments, in short-term treasury bills and bankers' acceptances. Most of these funds (\$100.3 million) are committed to multi-year grant pledges and are invested to maximize interest income for the Foundation. Investments are made under the policy direction of the Ontario Financing Authority.
- Funds may be recovered, or future payments rescinded, in cases where circumstances (e.g. planned activities, budgets) change or where grant conditions or performance objectives are not met.
- Accumulated net assets at year-end totaled \$2.6 million, of which approximately \$700,000 was invested in capital assets and \$1.9 million represented unrestricted assets.
- Volunteers make a significant contribution to the operations of the Foundation. Given the difficulty of estimating monetary value, these contributions are not reflected in the financial statements.

AUDITORS' REPORT

To the Board of Directors of Ontario Trillium Foundation

We have audited the statement of financial position of Ontario Trillium Foundation as at March 31, 2005 and the statements of operations, changes in net assets and cash flows for the year then ended. These financial statements are the responsibility of the Foundation's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Foundation as at March 31, 2005 and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles. As required by the Corporations Act (Ontario) we report that, in our opinion, these principles have been applied on a basis consistent with that of the preceding year.

ONTARIO TRILLIUM FOUNDATION

Notes to Financial Statements

Year ended March 31, 2005

The Ontario Trillium Foundation (the "Foundation" or "OTF"), an agency of the Ministry of Culture (the "Ministry"), is financially supported by the government of Ontario. OTF began operations as an arm's-length agency of the Ontario government on August 23, 1982 and was incorporated without share capital under the laws of Ontario under letters patent dated November 17, 1982. OTF's purpose is to build healthy and vibrant communities throughout Ontario, by strengthening the capacity of the voluntary sector, through investments in community-based initiatives.

The government funding is subject to Memoranda of Understanding with the Ministry that define how the funds must be invested and distributed.

1. Significant accounting policies:

These financial statements have been prepared in accordance with Canadian generally accepted accounting principles applied within the framework of the significant accounting policies summarized below:

(a) Revenue recognition:

OTF follows the deferral method of accounting for contributions, which include government funding. Unrestricted contributions are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured. Externally restricted contributions are deferred and recognized as revenue in the year in which the related expenses are incurred.

(b) Investments:

Short-term investments, treasury bills, and bankers' acceptances are recorded at cost. Bonds are recorded at amortized cost.

(c) Grants:

Grants are recorded as expenses in the year that the Board of Directors approves the grant.

(d) Expenses:

Departmental expenses are allocated between grantmaking and support services based on the percentage of each department's activities devoted to these activities.

ONTARIO TRILLIUM FOUNDATION

Notes to Financial Statements (continued)

Year ended March 31, 2005

1. Significant accounting policies (continued):

(e) Capital assets:

Capital assets are recorded at cost less accumulated amortization. Amortization is provided on a straight-line basis over the following periods:

Furniture and fixtures	5 years
Computer hardware	3 years
Computer software	1 year
Leasehold improvements	Over term of lease

(f) Use of estimates:

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the year. Actual results could differ from those estimates.

2. Investments:

Investments, at cost are as follows:

	2005	2004
Treasury bills	\$ 103,266,560	\$ 99,736,707
Bankers' acceptances	1,445,061	12,572,340
	<u>\$ 104,711,621</u>	<u>\$ 112,309,047</u>

The market value of investments approximates cost.

The treasury bills and bankers' acceptances are due within the next eleven months and bear interest from 2.03% to 3.03% (2004 - 2.0% to 4.4%).

ONTARIO TRILLIUM FOUNDATION

Notes to Financial Statements (continued)

Year ended March 31, 2005

3. Capital assets:

			2005	2004
	Cost	Accumulated amortization	Net book value	Net book value
Furniture and fixtures	\$ 752,915	\$ 647,579	\$ 105,336	\$ 126,014
Computer hardware	856,147	648,022	208,125	211,262
Computer software	575,691	563,686	12,005	18,800
Leasehold improvements	1,204,554	856,928	347,626	478,882
	\$ 3,389,307	\$ 2,716,215	\$ 673,092	\$ 834,958

4. Deferred contributions and grants payable:

- (a) Deferred contributions represent funding received from the Ministry that has not yet been pledged as grants. The continuity of deferred contributions is as follows:

	2005	2004
Deferred contributions, beginning of year	\$ 3,392,068	\$ 3,383,000
Activities during the year:		
Funding received	94,500,000	100,000,000
Investment income recorded as revenue	3,518,049	5,199,994
Grants pledged	(94,346,800)	(96,685,700)
Grantmaking expenses	(9,351,148)	(9,168,821)
Support services and amortization	(1,404,982)	(1,395,066)
Internally funded	5,500,000	513,214
Grants rescinded or recovered related to grants approved after March 31, 1999	1,960,946	1,545,447
Amounts recognized as Ontario government funding	(94,123,935)	(99,990,932)
Deferred contributions, end of year	\$ 3,768,133	\$ 3,392,068

The internally funded amount reflects a planned reduction in unrestricted net assets in order to maintain granting levels.

ONTARIO TRILLIUM FOUNDATION

Notes to Financial Statements (continued)

Year ended March 31, 2005

4. Deferred contributions and grants payable (continued):

- (b) Once OTF pledges grants for distribution, the grants are recorded as grants payable. Grants pledged and not yet distributed are payable, subject to the receipt of funds by OTF and to certain performance conditions placed on the recipients. The continuity of grants payable is as follows:

	2005	2004
Grants pledged - Community and Province-Wide grants programs	\$ 94,346,800	\$ 96,685,700
Grants rescinded	(1,449,515)	(1,242,420)
Grants paid	(95,693,735)	(104,104,280)
	(2,796,450)	(8,661,000)
Grants payable, beginning of year	103,080,117	111,741,117
Grants payable, end of year	\$ 100,283,667	\$ 103,080,117

Grants are payable to various organizations in the fiscal years ending March 31 as follows:

2006	\$ 67,440,867
2007	23,791,800
2008	7,349,700
2009	1,337,700
2010	363,600
	\$ 100,283,667

5. Non-grant contributions to the community:

Non-grant contributions to the community are charitable activities other than grants, such as partnerships with other organizations, projects initiated by OTF and technical assistance to community organizations. These contributions include expenses allocated from current operations.

ONTARIO TRILLIUM FOUNDATION

Notes to Financial Statements (continued)

Year ended March 31, 2005

Future minimum annual rental payments for premises under operating leases are as follows:

2006	\$ 382,000
2007	316,000
2008	247,000
	<hr/>
	\$ 945,000

In relation to these leases, OTF has agreed to indemnify the Landlord against losses occurring on the lease premises which may arise out of a breach of the lease agreement.

7. Indemnification of officers and directors:

OTF has indemnified its past, present and future directors, officers, employees and volunteers against expenses (including legal expenses), judgements, and any amount actually or reasonably incurred by them in connection with any action, suit or proceeding in which the directors are sued as a result of their service, if they acted honestly and in good faith with a view to the best interests of OTF. The nature of the indemnity prevents OTF from reasonably estimating the maximum exposure. OTF has purchased directors' and officers' liability insurance with respect to this indemnification.

8. Financial assets and liabilities:

The carrying values of cash, accrued interest and other, accounts payable and accrued liabilities and grants payable approximate their fair values due to the relatively short periods to maturity of these items or because they are receivable or payable on demand.

The market value of investments is disclosed in note 2.
