Toronto, Ontario, M7A 1L2

Dear Minister:

On behalf of the Board of Directors of the Ontario Trillium Foundation, I am pleased to submit a copy of our Annual Report for the fiscal year 2005-2006.

In this report, you will find a brief narrative that details the goals achieved and the challenges met by our volunteers and staff. Also included is a list of grants made under our various programs as well as our audited financial statements.

Through the allocation of \$100 million from the government's charity casino initiative, the Foundation acts as a catalyst that enables Ontarians to work together to enhance the quality of lives in their communities. We believe that communities across Ontario are rich in talent, creativity and drive and our grants stimulate communities to build on these assets.

The Foundation's volunteer Board of Directors and Grant Review Teams, supported by an able professional staff, continue to provide outstanding leadership. All of us share a collective pride in the Foundation's continuing accomplishments, as described in this report.

We value the effective working relationship the Ontario Trillium Foundation has with your ministry and we look forward to continuing to work together to build healthy and vibrant communities throughout Ontario.

Sincerely,

What does it take to be a successful not-for-profit organization? And beyond the grants themselves, what does it take for Canada's largest granting foundation to help volunteer-based organizations and their communities thrive? These are among the questions that the Ontario Trillium Foundation never stops asking in our search for new and better answers.

In the summer of 2005, as part of our quest for continuous improvement, the Foundation held nine *Community Conversations* in eight cities. We wanted these sessions to be genuine two-way dialogues and a learning experience for everyone involved. As well, we wanted to share our special report, *Building Capacity, Granting for Impact*, with the organizations and individuals who shaped our findings and would benefit from them.

In all, more than 650 Ontarians took part in these sessions and an additional 400 participated on-line. We are using what we heard in *Community Conversations* to improve our grant-making practices so that we are even more responsive to the different and always changing needs of the communities our grants support.

We learned, for instance, that some organizations and communities needed a simpler application process for small capital grants, and that is what we are now developing for them.

We found that we needed a better understanding of how to work effectively with Ontario's Aboriginal, First Nations and Métis communities, so we commissioned a needs assessment to respond better to these communities.

We heard that a major challenge facing the not-for-profit sector was the declining state of volunteerism, particularly in northern and rural areas where organizations are confronted with aging volunteers, increased pressure on and burnout of existing volunteers, and difficulty attracting long-term and young volunteers. We responded by working more aggressively to encourage volunteerism and community engagement, in keeping with one of our granting priorities.

We also heard from communities around the province that the Foundation is respected and valued for its role as a convener, as well as a grantmaker. Because of OTF's presence in and knowledge of communities, we are well-positioned to connect organizations across sectors and communities. We bring together stakeholders from diverse sectors at local forums, outreach events and proposal writing workshops. Looking forward, we are developing new and larger-scale opportunities for convening organizations to learn, network and share best practices.

With their local presence in communities across the province, MPPs are sources of knowledge and insight to our Foundation. We value their participation in grant recognition events. Last year, out of the 642 OTF recognition events held across Ontario, 442 were attended by MPPs -- a significant increase over previous years. We are very grateful to our elected members for helping us celebrate the organizations and communities that benefit from OTF grants.

In 2005-2006, the Foundation made 1,444 grants to charitable and not-for-profit organizations and had 3,305 active grants under management. The grants made in 2005-2006 were spread over many sectors:

- We dedicated almost \$43 million grants to the human and social services sector.
- We supported the sports and recreation sector with over \$22 million in grants.
- We invigorated the arts and culture sector with over \$22 million in funding.
- We continued to be one of the largest funders of not-for-profit organizations in the environmental sector in Ontario by contributing nearly \$8 million.

The Great Grants Awards that kicked off our three-day OTF conference was another high point in a very successful year. We were delighted to celebrate the outstanding achievements of the 19 finalists and seven winning grantees. We also had the opportunity to share the secrets of their success with OTF staff and Grant Review Team volunteers who participated in the conference afterwards.

We are very grateful to the Honourable Madeleine Meilleur, our Minister for most of the past year and a tireless champion of the Foundation. We also welcome our new Minister of Culture and a long-time friend of OTF, the Honourable Caroline Di Cocco, and look forward to working with her even more closely. The ultimate thanks goes to our funder, the Government of Ontario, for the continuing financial commitment and support that allows the Foundation to work with and for communities across the province.

Our work is made possible by the dedication and enthusiasm of over 300 unpaid volunteers who serve on the Board of Directors and local Grant Review Teams. OTF is fortunate to have the support of these volunteers. In turn, these volunteers, from Kapuskasing to Kanata, are fortunate to have the support of our knowledgeable and devoted staff members, led by Chief Executive Officer, L. Robin Cardozo. We are all passionate about building healthy and vibrant communities, and it shows in the spectacular results we achieve.

Our Great Grants Awards celebration, OTF conference and *Community Conversations* helped us learn a great deal in the past year—about communities, volunteers and the organizations they support. We learned that a successful organization must be effective, relevant, responsive and resilient. A successful organization needs to matter and it must make a difference in the community. Most of all, we learned how vital the work of the Foundation is.

I am very proud of OTF for its significant contribution to communities. I know that we will continue to be leaders, conveners, catalysts and supporters of the community-based organizations that are the lifeblood of this province.

Message from the Chief Executive Officer L. Robin Cardozo

“Joining one group cuts in half your odds of dying next year”
Robert Putnam *Bowling Alone*

Why do we do what we do?

The Ontario Trillium Foundation is one of Canada’s largest grantmakers, a leader in the not-for-profit sector, a disseminator of information and a convener of people and ideas. In our various capacities, OTF works as a catalyst that enables Ontarians to work together to enhance the quality of life in their communities.

In other words, we work to build the social capital of Ontario.

Social capital is the product of communal activity and community sharing and according to Robert Putnam, the acclaimed professor of public policy at Harvard University, social bonds are by far the most powerful predictor of life satisfaction.

In that regard, it has been a particularly productive year for us at OTF. We engaged in active listening with stakeholders at nine *Community Conversations* and hosted a conference packed with shared learnings. We also celebrated the achievements of outstanding grantees at the Great Grants Awards.

We kicked off the OTF conference in November 2005 with the Grants Awards celebration. The 19 finalists and seven winners showcased the profound impact of innovative projects like theirs in communities across the province. To learn more, I invite you to read the profiles of the winners, starting on page 14.

The conference that followed the awards brought together our Grant Review Team and Board members with staff to explore and share perspectives on topics that included youth engagement, creativity in community building and capacity building.

Community Conversations gave us insights into the evolving needs of Ontario’s communities. The findings of this exciting dialogue can be viewed on our website, www.trilliumfoundation.org.

The consultations also provided us with an opportunity to share the findings of our research report, *Building Capacity, Granting for Impact*.

OTF undertook research on capacity building to help us increase the impact of our grants to individual organizations. We now define organizational capacity building as a process that strengthens four interrelated pillars: The relevance, responsiveness, effectiveness and resilience of not-for-profit organizations. To learn more about this interesting research and read the report summary, visit our website.

As part of the Foundation's commitment to being a sectoral expert, we welcomed Blair Dimock as Director of Research, Evaluation and Knowledge Management. He brings his broad and extensive experience in research, strategic thinking and information dissemination to OTF.

In February 2006, the Council on Foundations recognized OTF with a Gold Award for Excellence in Communications for our website. The website is an example of the Foundation's commitment to communicating broadly and effectively and our principles of accountability and transparency.

OTF continues to engage and reach Ontarians. We conducted a public awareness survey that showed that awareness of OTF has risen to 69%. This represents an increase of 6% over the last three years, which is gratifying given the challenges associated with raising awareness of not-for-profit organizations.

Higher awareness also means higher demand for OTF grants. For every dollar we have available to grant, we receive more than \$3.50 in requests. For every dollar granted, grantee organizations leverage more than \$1.75 in additional financial and in-kind resources.

Last year, more than 209,000 volunteers contributed 6.2 million hours to initiatives supported by OTF. In addition, the Foundation supported community events and celebrations that were attended by 6 million people.

These numbers illustrate the impact of our grantmaking. Beyond repairing a roof or supporting projects that build the infrastructure of organizations, our grants create opportunities for volunteerism and social connection and bonding. They facilitate civic engagement and add to the social capital of Ontario's communities.

I would like to express our gratitude to the Ministry of Culture for supporting our vision and work. We thank our former Minister of Culture, the Honourable Madeleine Meilleur, for her commitment and welcome the Honourable Caroline Di Cocco as our new minister.

I also thank the OTF Board of Directors, led by our indefatigable and resourceful Chair Helen Burstyn, the over 300 caring and steadfast Grant Review Team volunteers and our bright and capable professional staff.

Even as 2005-2006 was a year filled with accomplishments and learnings, we are looking forward to more undertakings next year, as the Foundation enters its 25th year as a grantmaker and community builder. We recognize and celebrate, more than ever, the Foundation's vital role in the lives of Ontario's communities.

ACCOUNTABILITY, IMPACT AND ORGANIZATIONAL EFFECTIVENESS

Ontario Trillium Foundation Review of 2005-2006 achievements

The Ontario Trillium Foundation Business Plan for the year covered two major performance goals. The following summarizes the organization's achievements relative to those goals.

Goal 1: Make investments to build healthy and vibrant communities and strengthen the capacity of the voluntary sector

Objective 1: Make grants to achieve priorities

Achievements:

- Achieved 99.8% of granting budget;
- Achieved sector allocation ranges by granting 24% of funds in the arts and culture sector, 8% in the environment sector, 45% in the human and social services sector and 23% in the sports and recreation sector;
- Progressed significantly toward achieving target ranges in allocation to each granting priority by granting 19% of funds for Enhanced Success for Students and Learners, 46% for Healthier and More Physically Active Ontarians, 10% for Enhanced Employment and Economic Potential for Workers and Their Families and 24% for More Effective Volunteers and More People Engaged in Their Communities;
- Commissioned needs assessment of Ontario's Aboriginal, First Nations and Métis communities;
- Explored a simplified application process for small capital grants and developed a proposal ready for piloting; and
- Finalized OTF's capacity building framework and shared the report internally and externally.

Objective 2: Measure the results of our programs

Achievements:

- Developed outcome indicators for each of the Foundation's priority areas and made changes to grant classification and coding to support them;
- Completed a study of the economic value of volunteerism; and
- Conducted a survey to measure customer satisfaction, program effectiveness and reaction to potential program changes and will implement management response in fiscal year 2006-2007.

Objective 3: Enhance accountability and efficiency

Achievements:

- Introduced a pilot test for the sample audit of OTF grants, with compliance in pilot over 97%;
- Maintained a high ranking as a cost-effective foundation;
- Held a successful OTF conference in November 2005, with a high level of participant satisfaction; and
- Conducted an applicant survey that found 83% of applicants and grantees rated the Foundation's customer service positively, exceeding the customer satisfaction target of 80%.

Objective 4: Communicate broadly and inclusively and enhance branding and corporate identity

Achievements:

- Redesigned, user-friendly website received a Gold Medal from the Council on Foundation's Wilmer Shields Rich Awards;
- Achieved objectives for Great Grants Awards event in November 2005, as event was attended by more than 500 people, generated media coverage and showcased partnership opportunities with two sister agencies, the Ontario Lottery and Gaming Corporation and TV Ontario; and
- Exceeded Foundation public awareness target by 6% over three years, which is now 69%.

Goal 2: Enhance governance and organizational effectiveness by conducting a review of these aspects of the Foundation

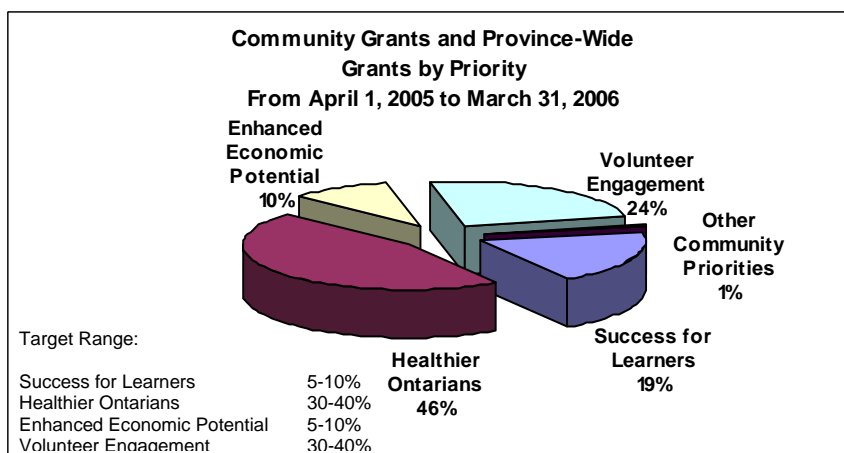

Achievements:

- Facilitated the participation of more than 650 Ontarians in nine *Community Conversations* sessions in eight locations across Ontario and the participation of over 400 people in the *Community Conversations* on-line survey;
- As part of a year-long governance review:
 - Implemented improvements to the GRT appointment process;
 - Reviewed the role of the Board in the Foundation's governance and business activities and approved a governance framework document;
 - As a result of the review of the Board's role, moved to a new streamlined system for Community Grant Program approval; and
 - Reviewed the roles, responsibilities and structure of the Board standing committees and implemented changes.

Our vision, mission and values

Vision

The Ontario Trillium Foundation is a catalyst that enables Ontarians to work together to enhance the quality of life in their communities. We believe that communities across Ontario are rich in talent, creativity and drive, and our grants stimulate communities to build on these assets.

Mission

Building healthy and vibrant communities throughout Ontario by strengthening the capacity of the voluntary sector through investments in community-based initiatives.

Core values and operating principles

The following core values and operating principles guide the Ontario Trillium Foundation and shape its organizational culture. Our volunteers and staff are dedicated to reflecting these values in their actions and relationships.

Accountability and transparency

We appreciate the trust placed in us by the Government of Ontario, and safeguard the public funds we receive through rigorous accountability controls. Our communications programs and operational processes ensure that our guidelines and grant decisions are accessible and transparent to the public.

Excellence

Because we believe passionately that our work enhances the quality of life for people across Ontario, we aim to achieve the highest professional standards of excellence.

Volunteer and staff leadership

Our leadership depends on skilled staff working in productive partnership with knowledgeable volunteers who understand the needs of local communities in their region. Our staff and volunteer human resources practices foster this creative synergy.

Inclusiveness and innovation

Our policies and programs acknowledge that the people of Ontario are diverse and dynamic and that community needs differ across the province. We support creative initiatives that respond to the real needs of Ontario's varied and evolving communities.

Integrity and respect

Our grant decision-making processes, business practices and communications strategies are governed by the principles of honesty, integrity and fairness. We treat all stakeholders respectfully, including volunteers, staff, grant applicants and members of the public.

Efficiency and impact

We are determined to ensure that public funds are well invested and that our grant-making and grant-monitoring processes are cost efficient. We consistently measure and evaluate results based on grant outcomes.

Our granting priorities

The Foundation will support the building of healthy and vibrant communities through community-based initiatives that strengthen the capacity of organizations in the arts and culture, environment, human and social services and sports and recreation sectors.

In particular, the Foundation will place priority on supporting organizations that work in the following areas to help Ontarians achieve their potential.

Enhanced success for students and learners

A healthy and vibrant community depends on the skills and knowledge of its members. Whether knowledge and skills are developed in the early years when children start school or much later in life, it is key that people of all ages and abilities are ready to learn. This is why the Ontario Trillium Foundation will place priority on initiatives that:

- Provide community-based learning opportunities and create conditions for achievement for people of all ages and abilities
- Help prepare children and youth for success

This includes, but is not limited to, broadening learning experiences for children and youth; helping children and youth remain and achieve in school; preparing young children to learn; providing opportunities for children and youth to experience positive personal growth; and improving adult literacy through resources and activities.

Healthier and more physically active Ontarians

Encouraging Ontarians to lead healthier lifestyles, as well as improving other determinants of health, such as air and water quality, and providing opportunities for people to enhance their health and well-being will lead to healthier and more physically active Ontarians. To this end, the Ontario Trillium Foundation will place priority on initiatives that:

- Promote physical activity for people of all ages and abilities
- Promote recreational activities for people of all ages and abilities
- Enhance and help protect human and ecosystem health
- Create conditions for people to reach their full health and well-being potential
- Promote cultural and artistic activities for people of all ages and abilities

This includes, but is not limited to, promoting and increasing physical activity; increasing or sustaining recreational and leisure opportunities; helping communities take responsibility to protect the natural environment; supporting systems that sustain health and well-being; sustaining a healthy arts community; and celebrating and preserving heritage.

Enhanced employment and economic potential for workers and their families

The Ontario Trillium Foundation supports initiatives that are innovative and that stimulate economic growth. To this end, OTF will place priority on proposals that support organizations to build skills, create jobs and enhance economic potential for individuals and communities through initiatives that:

Our granting priorities (*Continued*)

- Provide skill development or employment opportunities
- Sustain and promote a greener economy and community
- Strengthen the economic health of a community
- Help further a community's long-term vision and growth

This includes, but is not limited to, increasing opportunities for employment for those experiencing barriers including Aboriginal people, newcomers, people with disabilities and at-risk youth; strengthening organizations and supporting initiatives that promote a sustainable environment; sustaining the economic viability of the community; and encouraging community-planning processes.

More effective volunteers and more people engaged in their communities

Volunteers are the foundation of healthy and caring communities that are safe, clean, secure and vibrant. Providing people with opportunities to actively participate in activities or programs offered within their community also contributes to this. We support initiatives that:

- Create conditions to increase community engagement of people of all ages, abilities and cultures
- Strengthen volunteerism among people of all ages, abilities and cultures
- Strengthen the voluntary sector

This includes, but is not limited to, building community connections and awareness; promoting and increasing volunteerism, particularly among young people; enhancing the capacity of the volunteer sector and fostering strategic thinking and innovation; and building the capacity of charitable and not-for-profit organizations.

Building healthy and vibrant communities

Great Grants Awards Winners 2005

Introduced in 2002, the Great Grants Awards celebrate remarkable organizations that make a difference in their communities and across the province as a result of OTF funding.

The 2005 Great Grants Awards showcase outstanding examples of OTF grants that contribute to further the Foundation's mission of building healthy and vibrant communities throughout Ontario by strengthening the capacity of the voluntary sector, through investments in community-based initiatives.

Minister's Award - for generating impact across the province:

ONTARIO SUSTAINABLE ENERGY ASSOCIATION (OSEA): Ontarians' interest in green power alternatives has a lot to do with the efforts of OSEA and its bold vision: to make community green power initiatives a widely acceptable option for meeting Ontario's energy needs. The association has provided nearly 100 workshops and presentations, reaching over 6,300 participants across Ontario. It offers ongoing technical support to communities interested in establishing community green energy projects.

L-R: Brian Iler, Brent Kopperson, Deborah Doncaster, Anthony Davison (OSEA) and L. Robin Cardozo, (Ontario Trillium Foundation).

Chair's Award- for exemplifying how to build healthy and vibrant communities that meet the needs of Ontario's diverse communities:

COMMUNITY ENVIRONMENT ALLIANCE: SHARE-IT (PEEL REGION): Low-income individuals often must do without the technological tools that have become essential for school, work or job searching. Share-IT, a project of the Community Environment Alliance, is reducing the digital divide in Peel Region. Share-IT's volunteers recycle computers, printers, scanners and cell phones and distribute them locally. Share-IT not only "connects" low-income families, it improves life prospects at the same rate it diverts hazardous e-waste from landfill sites.

L-R: Sachi Mitra and Andrej Nestorovski (Share-IT), Helen Burstyn (Ontario Trillium Foundation) and Ms. B. Nestorovska, Margaret Commodore, Ranjana Mitra and Juliet Mithran (Share-IT).

Great Grants Awards Winners 2005 (Continued)

Award of Distinction - for enhancing one or more of OTF's granting priorities:

SKETCH (TORONTO): By integrating diverse arts programs with job and life skills training SKETCH is helping Toronto homeless and at-risk for homelessness youth aged 16 to 29 gain the skills they need to assume an active role in their community. Participants in the program find the confidence and skills necessary to leave the street, return to school or find employment. With the help of over 100 volunteers and Sketch staff, youth are better equipped to turn their lives around.

L-R: Phyllis Novak (SKETCH), Jenn Miller (Ontario Trillium Foundation), Rudy Ruttimann (SKETCH) and L. Robin Cardozo (Ontario Trillium Foundation).

Arts and Culture:

FRANCOSCÉНИЕ INC. (Prescott-Russell): With their six month June 2003 OTF grant, Francoscénie launched one of the most significant artistic achievements of the local community the following year. "L'Écho d'un peuple" attracted over 30,000 spectators to its large-scale musical celebrating 400 years of Francophone presence in North America. The show garnered the prestigious Trille Or presented by Association des professionnels de la chanson et de la musique (APCM) for best musical event of 2005.

L-R: Hélène Saint-Denis, Yves Saint-Denis, Félix Saint-Denis, Lynn Bray-Levac, and Mireille Patenaude (Francoscénie), Helen Burstyn and Gisèle Richer (Ontario Trillium Foundation) and Nicole Charbonneau (Francoscénie).

Environment:

THE BRUCE PENINSULA BIOSPHERE ASSOCIATION: 2004 PROVINCIAL ENVIROTHON (TOBERMORY) More than 200 students, teachers, resource professionals and volunteers from over 20 different communities met in Tobermory for four days for the 2004 Provincial Envirothon competition. They came to propose realistic green solutions and left behind five Legacy Projects to enhance local forestry, wildlife and soil. Participants, volunteers and local residents had the unique opportunity to better understand environmental issues and the interconnection of living things.

L-R: Carla Grant (Ontario Forestry Association), Sean Liipere (Bruce Peninsula Biosphere Association), L. Robin Cardozo (Ontario Trillium Foundation), Craig Todd (Ontario Forestry Association) and Louise Johnstone (Bruce Peninsula Biosphere Association).

Great Grants Awards Winners 2005 (Continued)

Human and Social Services:

ST. JOSEPH IMMIGRANT WOMEN'S CENTRE: VOCATIONAL ORIENTATION FOR FOREIGN-TRAINED NURSES PILOT PROJECT (HAMILTON) With a shortage of nurses in Ontario, helping experienced, foreign-trained nurses find employment is a healthy idea. In 2003, Hamilton's St. Joseph's Immigrant Women's Centre started helping experienced, foreign-trained nurses find employment by overcoming language and academic barriers. The program has created an office to support foreign-trained individuals in the Hamilton area. As a result, 14 individuals are now fully employed in Ontario's health care system.

L-R: Anne Bain, Susan West, and Helen Burstyn (Ontario Trillium Foundation) and Ines Rios, Elizabeth Webb and Clare LaFleur (St. Joseph Immigrant Women's Centre).

Sports and Recreation:

LAKEHEAD CANOE CLUB (THUNDER BAY): Dragon boat racing is one of the fastest growing water sports in the world today. Since acquiring four dragon boats in January 2004, Thunder Bay's Lakehead Canoe Club has fostered a dramatic increase in participation from local youth and adults. Dragon boat races attracted an impressive 3,300 regional paddlers and more than 27,000 spectators. The Lakehead Canoe Club makes its dragon boats available to other communities in an effort to build a strong Northwestern Ontario competitive force at the national level.

L-R: Robert Edwards (Lakehead Canoe Club), Maureen Brophy (Ontario Trillium Foundation), Volker Kromm (Lakehead Canoe Club) and L Robin Cardozo (Ontario Trillium Foundation).

Financial Report

Ontario Trillium Foundation

March 31, 2006

Report on Financial Performance

- In 2005-2006, the Ontario Trillium Foundation received \$100 million from the Ministry of Culture for its Community and Province-Wide Grants Programs. (The \$100.8 million referred to in the Statement of Operations includes unspent funds brought forward from previous years.) Other revenue sources include investment income (\$4.2 million) and funds made available as a result of rescinded grants (\$1.5 million).
- Of this funding, \$95.0 million was pledged for Community and Province-Wide grants, and grantmaking expenses and support services together amounted to \$10.9 million.
- At March 31, 2006, the Foundation held approximately \$99.3 million in investments, in short-term treasury bills and bankers' acceptances. Most of these funds (\$96.8 million) are committed to multi-year grant pledges and are invested to maximize interest income for the Foundation. Investments are made under the policy direction of the Ontario Financing Authority.
- Funds may be recovered, or future payments rescinded, in cases where circumstances (e.g. planned activities, budgets) change or where grant conditions or performance objectives are not met.
- Accumulated net assets at year-end totalled \$2.6 million, of which approximately \$600,000 was invested in capital assets and \$2.0 million represented unrestricted assets.
- Volunteers make a significant contribution to the operations of the Foundation. Given the difficulty of estimating monetary value, these contributions are not reflected in the financial statements.

AUDITORS' REPORT

To the Board of Directors of Ontario Trillium Foundation

We have audited the statement of financial position of Ontario Trillium Foundation as at March 31, 2006 and the statements of operations, changes in net assets and cash flows for the year then ended. These financial statements are the responsibility of the Foundation's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Foundation as at March 31, 2006 and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles. As required by the Corporations Act (Ontario) we report that, in our opinion, these principles have been applied on a basis consistent with that of the preceding year.

ONTARIO TRILLIUM FOUNDATION

Notes to Financial Statements

Year ended March 31, 2006

The Ontario Trillium Foundation (the "Foundation" or "OTF"), an agency of the Ministry of Culture (the "Ministry"), is financially supported by the government of Ontario. OTF began operations as an arm's-length agency of the Ontario government on August 23, 1982 and was incorporated without share capital under the laws of Ontario under letters patent dated November 17, 1982. OTF's purpose is to build healthy and vibrant communities throughout Ontario, by strengthening the capacity of the voluntary sector, through investments in community-based initiatives.

The government funding is subject to Memoranda of Understanding with the Ministry that define how the funds must be invested and distributed.

1. Significant accounting policies:

These financial statements have been prepared in accordance with Canadian generally accepted accounting principles applied within the framework of the significant accounting policies summarized below:

(a) Revenue recognition:

OTF follows the deferral method of accounting for contributions, which include government funding. Unrestricted contributions are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured. Externally restricted contributions are deferred and recognized as revenue in the year in which the related expenses are incurred.

(b) Investments:

Short-term investments, treasury bills and bankers' acceptances are recorded at cost. Bonds are recorded at amortized cost.

(c) Grants:

Grants are recorded as expenses in the year that the Foundation approves the grant.

(d) Expenses:

Departmental expenses are allocated between grantmaking and support services based on the percentage of each department's activities devoted to these activities.

ONTARIO TRILLIUM FOUNDATION

Notes to Financial Statements (continued)

Year ended March 31, 2006

1. Significant accounting policies (continued):

(e) Capital assets:

Capital assets are recorded at cost less accumulated amortization. Amortization is provided on a straight-line basis over the following periods:

Furniture and fixtures	5 years
Computer hardware	3 years
Computer software	1 year
Leasehold improvements	Over term of lease

(f) Use of estimates:

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the year. Actual results could differ from those estimates.

2. Investments:

Investments, at cost, are as follows:

	2006	2005
Treasury bills	\$ 99,076,396	\$ 103,266,560
Bankers' acceptances	230,043	1,445,061
	<u>\$ 99,306,439</u>	<u>\$ 104,711,621</u>

The market value of investments approximates cost.

The treasury bills and bankers' acceptances are due within the next eleven months and bear interest from 2.96% to 4.05% (2005 - 2.03% to 3.03%).

ONTARIO TRILLIUM FOUNDATION

Notes to Financial Statements (continued)

Year ended March 31, 2006

3. Capital assets:

			2006	2005
	Cost	Accumulated amortization	Net book value	Net book value
Furniture and fixtures	\$ 758,214	\$ 685,567	\$ 72,647	\$ 105,336
Computer hardware	920,795	643,169	277,626	208,125
Computer software	262,050	239,082	22,968	12,005
Leasehold improvements	1,207,679	993,041	214,638	347,626
	\$ 3,148,738	\$ 2,560,859	\$ 587,879	\$ 673,092

4. Deferred contributions and grants payable:

(a) Deferred contributions represent funding received from the Ministry that has not yet been pledged as grants. The continuity of deferred contributions is as follows:

	2006	2005
Deferred contributions, beginning of year	\$ 3,768,133	\$ 3,392,068
Activities during the year:		
Funding received	100,000,000	94,500,000
Investment income recorded as revenue	4,156,944	3,518,049
Grants pledged	(94,968,100)	(94,346,800)
Grantmaking expenses	(9,816,158)	(9,351,148)
Support services and amortization	(1,463,746)	(1,404,982)
Non-grant community services	(228,364)	–
Internally funded	–	5,500,000
Grants rescinded or recovered related to grants approved after March 31, 1999	1,502,849	1,960,946
Amounts recognized as Ontario government funding	(100,816,575)	(94,123,935)
Deferred contributions, end of year	\$ 2,951,558	\$ 3,768,133

The internally funded amount in 2005 reflects a planned reduction in unrestricted net assets in order to maintain granting levels.

Prior to the current year, non-grant community services were funded from unrestricted net assets.

Notes to Financial Statements (continued)

Year ended March 31, 2006

4. Deferred contributions and grants payable (continued):

- (b) Once OTF pledges grants for distribution, the grants are recorded as grants payable. Grants pledged and not yet distributed are payable, subject to the receipt of funds by OTF and to certain performance conditions placed on the recipients. The continuity of grants payable is as follows:

	2006	2005
Grants pledged - Community and Province-Wide grants programs	\$ 94,968,100	\$ 94,346,800
Grants rescinded	(1,066,500)	(1,449,515)
Grants paid	(97,416,250)	(95,693,735)
	(3,514,650)	(2,796,450)
Grants payable, beginning of year	100,283,667	103,080,117
Grants payable, end of year	\$ 96,769,017	\$ 100,283,667

Grants are payable to various organizations in the fiscal years ending March 31 as follows:

2007	\$65,474,817
2008	23,550,100
2009	6,826,600
2010	785,900
2011	131,600
	\$96,769,017

5. Non-grant community services:

Non-grant community services are charitable activities other than grants, such as partnerships with other organizations, projects initiated by OTF and technical assistance to community organizations. These contributions include expenses allocated from current operations.

ONTARIO TRILLIUM FOUNDATION

Notes to Financial Statements (continued)

Year ended March 31, 2006

6. Commitments:

Future minimum annual rental payments for premises under operating leases are as follows:

2007	\$ 337,000
2008	264,000
2009	1,000
	<hr/>
	\$ 602,000

In relation to these leases, OTF has agreed to indemnify the Landlord against losses occurring on the lease premises which may arise out of a breach of the lease agreement.

7. Indemnification of officers and directors:

OTF has indemnified its past, present and future directors, officers, employees and volunteers against expenses (including legal expenses), judgements, and any amount actually or reasonably incurred by them in connection with any action, suit or proceeding in which the directors are sued as a result of their service, if they acted honestly and in good faith with a view to the best interests of OTF. The nature of the indemnity prevents OTF from reasonably estimating the maximum exposure. OTF has purchased directors' and officers' liability insurance with respect to this indemnification.

8. Financial assets and liabilities:

The carrying values of cash, accrued interest and other, accounts payable and accrued liabilities and grants payable approximate their fair values due to the relatively short periods to maturity of these items or because they are receivable or payable on demand.

The market value of investments is disclosed in note 2.
