

Management's Responsibility for Financial Information

The accompanying 2018-19 financial statements of the Ontario Trillium Foundation are the responsibility of management and have been prepared in accordance with generally accepted accounting principles.

Management maintains a system of internal controls designed to provide reasonable assurance that financial information is accurate and that assets are protected.

The Board of Directors ensures that management fulfils its responsibilities for financial reporting and internal control. The Finance & Audit Committee and the Board of Directors meet regularly to oversee the financial activities of the foundation, and at least annually to review the audited financial statements and the external auditors' report thereon.

The financial statements have been examined by KPMG LLP, independent external auditors appointed by the Board of Directors. The external auditors' responsibility is to express their opinion on whether the financial statements are fairly presented in accordance with generally accepted accounting principles. The Auditors' Report outlines the scope of the auditors' examination and opinion.
