

## EXPRESSION OF INTEREST TOOLS

---

### About the Expression of Interest (EOI)

The purpose of the EOI is to equip Ontario Trillium Foundation (OTF) staff with the information needed to assess your project and your group. In many ways the EOI acts as the first part of a Youth Opportunities Fund (YOF) application.

Most of the questions are answered by checking answers from a drop-down list. There are seven narrative questions where your group can share details about your group and idea. A Project Plan and Budget are also part of the EOI.

OTF staff will review your eligibility, your readiness to do scale your work, the potential impact of your project, and how well you understand the needs, interests, and experiences of the young people you want to work with.

Some EOIs will be shortlisted and invited to complete the Youth Innovations Grant Application. You will be required to submit a signed Organizational Mentor (OM) Agreement as part of the Grant Application.

### Get Ready to Apply

Visit the [otf.ca/yof](http://otf.ca/yof) to learn more about this stream and how to access the application supports available to your group. YOF offers webinars about the Youth Innovations Stream, application writing workshops and coaching. ## EXPRESSION OF INTEREST QUESTIONS AND TIPS

---

### TYPE OF GRANT

**TAKE NOTE!** If your EOI is shortlisted, you will not be able change or update your responses in this section of the Grant Application.

1. The Youth Innovations Stream has two different types of grants. Each grant type has a different purpose and eligibility criteria. Which grant type are you interested in?  
(Check one only.)
  - Youth Innovations Test grant
  - Youth Innovations Scale grant

A **Grassroots Test grant** is an opportunity for groups to test a new idea or to strategize around an issue in their community or to research an issue that matters to the group. A **Grassroots Scale grant** is for more established groups that have already fully tested an idea that has worked, and are now ready to scale that idea. If you are not sure which grant type is right for your group, email us at [yof@otf.ca](mailto:yof@otf.ca)

**[IF SCALE SELECTED]:**

2. How will you scale this project? Our main goal in scaling this project is to:  
(Choose one only.)
  - Improve the quality of youth experiences in a current project in order to **deepen impact**
  - Expand a current project to **impact more youth**

**[IF SCALE SELECTED]:**

3. Has your group delivered core project activities for at least two-years?  
(Check one only.)
  - Yes
  - No

**[IF NO]:** Scale grants are for groups that have already delivered core project activities over a two-year period. This means the group has experience working together and all core activities have already been implemented. This ensures that there is a solid foundation in place to scale the project. Your group may be eligible for a Test grant if this is a new idea or if you are in the early stages of implementation. Please email us at [yof@otf.ca](mailto:yof@otf.ca) for more information.

"PROCEED" if you are certain you have chosen the right type of Youth Innovations grant. If you are unsure about which type of grant to choose, reach out to us at [yof@otf.ca](mailto:yof@otf.ca) or reference these [EOI tools](#). Please know that this decision cannot be reversed without the support of the YOF team.

- A First Nations community

# YOUTH INNOVATIONS SCALE GRANT

Most grassroots groups applying to the YOF **are not** registered charities or incorporated not-for-profits.

- Incorporated not-for-profits may be eligible to apply to the YOF Youth Innovations Stream. We will need more information to make that assessment.
- Registered charities are not eligible in the Youth Innovations Stream.

If you are unsure about how to answer this question, please email the YOF Team at [yof@otf.ca](mailto:yof@otf.ca)

**[IF FIRST NATIONS SELECTED]:** We welcome EOIs from youth-led groups from and living in First Nations communities. Band councils, or offices of the band council, are not eligible for the Youth Innovations Stream. This Stream is for grassroots youth-led groups and youth-adult partnerships only. **Next Steps:** If you are interested in the YOF System Innovations stream, please begin by connecting with the YOF Team at [yof@otf.ca](mailto:yof@otf.ca)  
If you are mentoring a group of young people in your community, encourage these youth to register their group and access the online EOI by [clicking here](#).

**[IF REGISTERED CHARITY SELECTED]:** As a registered charity, please know your organization is not eligible for the Youth Innovations Stream.  
**Next Steps:** If you are interested in the YOF System Innovations stream, please begin by connecting with the YOF Team at [yof@otf.ca](mailto:yof@otf.ca)  
If you are mentoring a group of young people in your community, encourage these youth to register their group and access the online EOI by [clicking here](#).

**[IF UNINCORPORATED GRASSROOTS GROUP SELECTED]:**  
When did your group form? Year \_\_\_\_

Groups applying for a Test grant can be a newly formed group working together. Groups applying for a Scale grant are more established and have at least two years of experience working together to deliver their project.

**[IF INCORPORATED SELECTED]:**  
Incorporation number: \_\_\_\_  
Year of Incorporation: \_\_\_\_

As an incorporated not-for-profit, have you **independently managed more than \$50,000 in either of the last two years** with no administrative support from an organizational mentor, platform, trustee and/or charitable organization? (Check one only)

- YES
- NO

Check YES, if you have received funds directly from the funder to your organization's business account, managed these funds throughout the life of a project, and reported back to funders on the use of these funds. If you received funding for a project but these funds were administered by another organization, check NO.

**[IF INCORPORATED AND MANAGED OWN FUNDS]:**

How much funding did you manage independently in the last fiscal year? \$ \_\_\_\_

How much funding did you manage independently in the fiscal year before last? \$ \_\_\_\_

To be eligible for the Youth Innovations Stream your incorporated not-for-profit cannot have managed more than \$50,000 independently in each of the last two years. If you have independently managed funds in excess of \$50,000 in each of the last two years, you may be eligible to apply to the YOF System Innovations Stream or an OTF Seed or Grow grant.

**EXAMPLE 1:** Last year, you managed \$25,000 independently and the year before that you managed \$5000 independently. You may continue with your EOI.

**EXAMPLE 2:** Last year, you managed \$50,000 independently and the year before that you also managed \$50,000 independently. You may continue with your EOI.

**EXAMPLE 3:** Last year, you managed \$70,000 independently and the year before that you managed \$25,000 independently. You are not eligible to apply to the Youth Innovations Stream.

We can help if you are not sure how to answer these questions. Email us at [yof@otf.ca](mailto:yof@otf.ca).

9. Select the statement that best describes your group:

(Check one only.)

- Our group is youth-led (29 years and under)
- Our group is a youth-adult partnership
- Our group is led by adults (30+ years)

A *youth-led group* is one where young people between 12 and 29 years lead decision-making and project delivery. A *youth-adult partnership* is one where youth and adults share power and responsibility for decision-making and project delivery. An *adult-led* group is one where adults (30+ years) lead decision-making, planning, and project delivery.

**[IF ADULT-LED SELECTED]:** The YOF Youth Innovations Stream is for youth-led groups and youth-adult partnerships only. Please visit [www.otf.ca/yof](http://www.otf.ca/yof) to learn more about YOF or email the YOF team at [yof@otf.ca](mailto:yof@otf.ca) for more information.

10. Does your group have at least three core members? (Check one only.)

- YES
- NO

This means your group has at least three active members that share responsibility for managing the group's activities, budget, and relationships. This helps ensure you have the people power to deliver the project and each member has a manageable workload. A team of three also allows you to have a richness of ideas and a good mix of skills.

**[IF NO SELECTED]:** The YOF Youth Innovations Stream is for grassroots groups that have a core membership of three or more people. Please visit <http://www.otf.ca/yof> to learn more about YOF or email the YOF team at [yof@otf.ca](mailto:yof@otf.ca) for more information.

## Past Experience

11. What other activities or projects has your group delivered and when? How did this past experience prepare you to scale your project?
12. Has your group or individuals in your group received funding in the last five years? Include funds received from current or past YOF grants. (Check one only.)
- YES
  - NO

**[IF YES]:** List the year, the source, and the amount.

FOR EXAMPLE:

2013 | Funder X | \$5000

2014 | Donation from community member | \$1000

## PROJECT LEADERS

13. Which statement best describes the core membership of your group:  
Choose one only.
- The majority of our group members share identities and experiences with the youth we want to engage through this project.
  - The majority of our group members are allies to the young people we want to engage through this project.

Think about the young people you described as the beneficiaries of your project. Do your core group members share identities and experiences with these young people? Do you face the same kinds of barriers? Or are you working as allies to these youth? Answer this question based on the core membership of your group today.

**[IF ALLIES SELECTED]:** The YOF Youth Innovations Stream requires grassroots groups to be led primarily by young people who share identities and experiences with those they are engaging.

This stream is a place for YOF youth to organize around issues they face, to imagine solutions, to test new ideas and to scale them. It is required that core group members share identities and experiences with the young people they hope to engage.

**[IF Black checked]:**

Is your group Black-led? Check one only.

- Not having enough money to meet basic needs (low income)
- The education system (dropped out of school or vulnerable to dropping out)
- Living in rural or remote communities
- None of the above

Grassroots work is about community-led and community inspired work. Shared identities and shared lived experience is critical to our understanding of the term 'grassroots'. This stream is a place for YOF youth to organize around issues they face, to imagine solutions, to test new ideas and to scale them. It is required that core group members share identities and experiences with the young people they hope to engage.

16. Complete the Core Group Table to describe the different roles and responsibilities people play, and the knowledge, lived experience, and skills they bring.

## PROJECT IMPACT

### Describing the Issue and Idea

25. Select the **YOF Priority Outcome** that most aligns with the change you want to make through this project. (Check one only.)

- Empowering girls and young women to lead, including women's economic empowerment initiatives.
- Supporting Indigenous, Black, and/or newcomer youth to enter the labour market and transition to sustainable career pathways
- Provide mentorship opportunities for youth in and leaving care and/or youth involved in the justice system
- Addressing racism and its impacts on youth in urban, rural and/or Northern communities
- Supporting youth who are not connected to education programs, employment programs, and training programs (i.e. NEET) to exit poverty and social assistance
- Creating safe spaces for Indigenous and/or Black youth to build strong community and cultural connections

26. Identify the population(s) that are the primary focus beneficiaries of your project using the list below. (Select at least one.)

- Indigenous youth (i.e., First Nations, Métis and/or Inuit)
- Black youth
- Racialized youth
- Newcomer youth
- Francophone youth
- Two-spirit, lesbian, gay, bisexual, transgender, queer (2SLGBTQ+) youth
- Youth living with disabilities or special needs between the ages of 12 to 29
- Youth living in rural, remote and/or Northern communities
- Youth in conflict or at risk of being in conflict with the law
- Youth in care or leaving care
- Youth in low-income situations or from low-income families
- Youth who are homeless or at risk of being homeless
- Youth at-risk of dropping out or have dropped out

27. Please select the age range of youth who will participate in your project activities.

(Select at least one.)

- 12 to 14 years
- 15 to 19 years
- 20 to 25 years
- 12 to 29 years for youth living with special needs

When you designed your project, which age group did you have in mind? Check only those age groups you will intentionally reach out to and engage. Please be focused in your selection.

28. Tell us more about the youth you are currently reaching or serving through this project. What experiences do they bring? What are their hopes and interests? How are they affected by the issues you would like to address? [Minimum 150 words / maximum 300 words]

## Describing the Impact

29. Looking back on your past experience delivering this project, tell us about the positive benefits this project has had on specific YOF youth. What changes did you observe, hear about, or learn through surveys, written feedback, sharing circles and/or arts-based methods?

30. What are the most important changes you expect to see in your selected **YOF youth**? Focus on sharing changes that can be achieved through your project. Identify three to six changes (50 words max for each)

- Change 1 (required)
- Change 2 (required)
- Change 3 (required)
- Change 4 (optional)
- Change 5 (optional)
- Change 6 (optional)

Some changes can happen almost immediately, and others can take a little longer to happen. Some examples of immediate changes are changes in knowledge, skill levels or attitudes about oneself and others. Other types of changes may take longer. For example, changes in behaviour, relationships or leadership. Use change words such as: increased, enhanced, strengthened, improved, expanded, prevented, reduced, etc. After you write your change statements, take a final look to make sure you can achieve all of these through your project activities.

**Example:** More young people will be able to access community supports that meet their needs. In the beginning they will access services with the support of their mentor but over time they will navigate supports on their own.

**Example:** Youth-led research into the best ways to support young people transitioning out of care will help to ensure housing and employment services are more relevant and effective, and therefore used by young people.

31. How many youth do you expect to directly impact through the life of your grant? # \_\_\_\_

Only include the number of youth who will participate in your project activities. Only count a young person once even if you will have multiple touchpoints with them. If approved for funding, this number will be included in the Grant Contract.

**Example:** You have funding for 3 years. Your project runs on a 10-week cycle. You plan to have 10 youth participate in each cycle. You plan to deliver 3 cycles per year. The number of youth you will directly impact is 90 (10 youth x 3 cycles per year x 3 years of funding).

4 years

This is the total number of years you will receive funding if your application is approved.

### Project Plan and Budget

33. Project Plan Template:

The Project Plan is a tool to plan all the major activities and milestones in your project. Try to anticipate all the major activities and milestones. You can also email us at [yof@otf.ca](mailto:yof@otf.ca).

34. Budget Worksheet Template:

The Budget Worksheet is a tool to budget for all expenses in your project. Try to anticipate all the expenses. Note that a minimum of \$ 4000 per year and maximum of \$ 6000 per year can be spent on capacity building.

## ORGANIZATIONAL MENTOR (OM) INFORMATION

36. All grassroots groups must agree to work with an organizational mentor if shortlisted and if your project is recommended for funding.

Please confirm your group agrees to work with an organizational mentor for the duration of your grant. (Check one only.)

YES

NO

An OM is an incorporated not-for-profit organization, charity or First Nation that meets OTF eligibility criteria. If eligible, your OM will act as the lead organization should your application be approved for funding. This means your OM will be required to enter into a legally binding contract with OTF that will outline the terms and conditions of the grant. Organizational mentors will provide administrative support, governance, financial accountability, and project mentoring to grassroots groups. Grassroots groups are expected to choose their own organizational mentors.

Please visit [www.otf.ca/yof](http://www.otf.ca/yof) to learn more about YOF or email the YOF team at [yof@otf.ca](mailto:yof@otf.ca) for more information.

**IF NO:** Grassroots groups are required to work with an organizational mentor. Please reach out to us at [yof@otf.ca](mailto:yof@otf.ca) if you have questions or concerns about this requirement.

37. Has your group identified an organizational mentor for this project?
